## CRUISER OF GERMANY HIT?

Gazelle Is Reported to Have Been Damaged by Torpedo

Germany Seizes Nation's Grain to Conserve Food

MALMOE, Sweden, via London, Jan. 26, 4:35 p. m.—It is persistently asserted here that the German protected cruiser *Gazelle* was torpedoed yesterday by a submarine of unknown nationality at a point in the Baltic, which is off the coast of Prussia. Although the *Gazelle* was damaged, she was able to return to the port of Sassnitz.

The German cruiser *Gazelle*, a sister ship of the *Nixe*, has a displacement of 2645 tons, a complement of 264 men and is 328 feet long. She was built by the Krupp in 1898, and her armament consists of ten 4.1-inch, fourteen one-pounders, four machine guns and three torpedo tubes.

**SEIZE GRAIN CROP.**

BERLIN, Jan. 26.—The federal council has put into effect sweeping regulations for the conservation of the food supply as follows:

All stocks of corn, wheat and flour are ordered seized by February 1.

All business transactions in these commodities are forbidden from January 26.

All municipalities are charged with the duty of setting aside suitable supplies of preserved meat.

The owners of corn are ordered to report their stocks immediately, whereupon confiscation, at a fixed price, will follow.

A government distributing office for the regulation of consumption will be established, distribution being made according to number of establishments.

The Imperial Gazette today publishes the following notice regarding the confiscation of grain:

**ACTS INTO ECONOMIC LIFE.**

"There is no doubt that the measure is ordered to cut much deeper into the economic life of our people than all of the other economic regulations."

## UNIVERSITIES MAY COMPROMISE BREACH

A compromise which, if accepted by the student bodies of the two colleges, will end the deadlock between the universities of California and Stanford over the participation of freshmen in intercollegiate athletic contests, has been arranged by the conference committee from the universities, according to news from an official source received on the campuses of both colleges today. The committee, after working for several weeks with the problem, are prepared to submit a plan substantially as follows:

Students in the affiliated colleges of the University of California and the Davis farm will be barred from intercollegiate athletics.

California will raise standard scholarship necessary for participation to a par with Stanford's.

Stanford agrees to bar freshmen from intercollegiate athletics.

The Stanford students objected to having a freshman from their intercollegiate teams on the ground that California, with its larger enrollment, would in such an event be given a tremendous advantage. The California students held that the practice of playing freshmen was conducive to professionalism, many famous high school students and others being induced, through various means, to attend Stanford and be at once placed on teams. One instance of this was charged last year.

The report will be formally issued in a few days, and both student bodies will then vote on the question. No plan can be officially accepted without a student vote, according to the rules under which the associated students in the colleges operate.

The controversy for a time threatened to break off athletic relations between the two colleges and the dispute has been thrashed out for several months by student officers and committees.

## APPOMATTOX DAY MAY BE PEACE FETE

The anniversary of the day Grant and Lee met before the Appomattox courthouse, and the civil war virtually ended, may be celebrated in Oakland this year as a "peace day." It plans suggested by O. E. Holt, at the request of a number of Grand Army men and others, are adopted by the Commercial Club-Chamber of Commerce.

It is suggested that the day, April 9, be set aside for public recognition, and the words spoken on the battlefield, "Let us have peace," used as the motto of the occasion.

The matter will be considered by the public celebration committee, who will probably consult with the Grand Army and Spanish War Veterans on the plan.

## HIGGINS GIVEN SIX YEARS; GALE FIVE

James Higgins, convicted of primary election frauds, was sentenced to serve six years in San Quentin by Superior Judge Ogden this afternoon. Higgins' aged mother, 80 years old, and his wife, were in an anteroom when sentence was imposed. A large number of his friends heard the sentence and were present in the courtroom.

Judge Ogden in passing sentence said: "The conservation of the elective franchise is indispensable in a free republic."

"By reason of the nature of the offense, a political nature, and one of those species of crime that tend to undermine and destroy democracy, probation may be denied."

Attorney A. L. Erick asked for leniency for the defendant, declaring that he had been well and favorably known in Oakland, where he has lived for 35 years. Judge Ogden also said he had known Higgins as a kindly man and one in whom undoubtedly great faith could be placed, were he on probation, but the circumstances were such, he said, that he would have to impose a prison sentence.

Edward C. Wiley, also convicted of election frauds, was sentenced by Judge Ogden to serve two years in San Quentin last year.

## Gale Sentenced to Five Years for Election Fraud

Charles L. Gale, who pleaded guilty to frauds similar to those of which James Higgins was convicted, was sentenced to five years in Folsom prison by Judge Ogden. The report of the probation office was to the effect that Gale had said he was "anxious to stand in and that he hoped to be rewarded with a political position if he made it a good thing that would attract attention" during the election.

Gale was a bartender employed by Grant Gorman. He told the probation officer that he was tired of that employment and for that reason desired to make a showing that might win for him political favor.

The case of F. F. Beach, the fourth of the indicted election officials, who has pleaded guilty and asked for probation, was continued for two weeks today by Judge Ogden.

None of the election officials so far have confessed to the reason or the causes that impelled them to commit forgery and fraudulent voting on August 25. If they had any such "higher up" urging they have not given any intimation of the sources.

Jack Woolley, well known sportsman, was prominent among the crowd in the courtroom when Higgins and Gale were sentenced.

## Weather Man Sees No Sunshine in Sight

SAN FRANCISCO, Jan. 26.—With no large storm in the neighborhood, but with a general condition of cloudiness and frequent showers, California received a healthy rain today. Forecaster G. H. Willson declared that he could not see any sunshine in sight, but gave it as his opinion that there would be no heavy downpour and that unsettled conditions would prevail.

The rain during the last twenty-four hours was extremely light, the heaviest precipitation reported coming from the upper Sacramento valley.

## TRAP FORTUNE IN GEMS IS FOUND

Capitalist Arrested With \$25,500 in Jewelry and Furs

Confesses Plot With the Wife of a Mexican General

SAN FRANCISCO, Jan. 26.—Samuel Seebey, a wealthy merchant and banker of Culiacan, Mexico, was arrested at a late hour last night by Special United States Treasury Agent William H. Tidwell, and has admitted an attempt to smuggle into this country \$25,500 worth of diamonds and furs, at the instance of the wife of a general in the Mexican army.

Seebey, a guest at the Palace Hotel, has been in San Francisco since the arrival of the steamer *City of Paris* on January 5. He was captured as he was walking along California street last night and almost immediately thereafter admitted his connection with the alleged smuggling of Tidwell, and the diamonds and furs were confiscated by the government and are now in the hands of the custom house.

Seebey was turned over to the custody of a United States Marshal and was released on \$5000 bail. He came up before U. S. Commissioner J. R. O'Connell for hearing. Seebey is a very prominent merchant in Mexico and his fortune is reputed to be in the neighborhood of a half million dollars. He is an unmarried man about 40 years old, of prepossessing appearance and engaging manner.

He was arrested as the result of information gained by Tidwell on a recent trip to Southern California and from information furnished through persons here, to whom overtures had been made for the purchase of the articles. Soon after his arrest his apartment was searched and the following articles uncovered:

- One diamond diadem.
- Six diamond rings.
- Twenty-eight pearls.
- Four double diamond earrings.
- Quantity of loose jet.

The furs were recovered elsewhere by customs officers.

## Great Coup to Mark Kaiser's Birthday

By Associated Press.

AMSTERDAM, via London, Jan. 26, 5:52 p. m.—Reports reached Amsterdam today to the effect that the Germans in Belgium are preparing a big military venture for tomorrow, Emperor William's birthday. Details of the expected coup have been revealed but all the railroads of Belgium are being used exclusively for military purposes. Great quantities of war material are being sent to the front.

## CHICAGO ALDERMAN SHOT BY WOMAN

By Associated Press.

CHICAGO, Jan. 26.—The deliberations of the city council were interrupted today, when Alderman Frank McDermott was shot in the leg at the door of the council chamber by a young woman, who said her name was Miss Z. H. Zippman.

A policeman on duty in the chamber said Miss Zippman had been nervously watching the alderman from the gallery during the council meeting. Her actions attracted McDermott's attention and he left his seat and started for the office of First Deputy Superintendent of Police Schaeffer. Miss Zippman intercepted him.

Miss Zippman declared that she had been waiting for Alderman McDermott in November, 1913, but that he had declined publicly to acknowledge the marriage. She was recorded on the police books as Mrs. McDermott. The alderman refused to affirm or deny the charge.

## SEEK LATE COUNTY CHARGE'S FORTUNE

Search for a fortune believed to have been possessed by the late Mary Harris, former well known police court character, who died on January 6, has been placed in the hands of Attorney A. P. Leach, representing Public Administrator H. B. McMahon, by Attorney E. E. Farlin following the discovery of a small amount of money among her personal belongings.

Mary Harris was sent to the county infirmary several months ago by the authorities. Later, an East Oakland woman who became interested in her took her

## PANAMA TREMBLES UNDER EARTHQUAKE

By Associated Press.

PANAMA, Jan. 26.—Three short, sharp earthquakes have shaken the isthmus of Panama in the last three days, the third one occurring today. None of the shocks did any damage, though the inhabitants were considerably frightened. Reports from points along the canal show that the shocks caused no ill-effects.

## RICH SMUGGLER

CHILD KIDNAPED FROM SCHOOL IN TAXICAB; FATHER IS ACCUSED

## WOMAN IN STRANGE CASE

Mysterious Couple Flee With Boy in Automobile

Called hurriedly from a school classroom, when teachers were informed by a strange woman that his mother was dying, and that he must be taken home at once, rushed to a waiting taxicab and whizzed out of sight, Everett Greenfield, 7 years old, was kidnapped this morning under the eyes of the entire teaching force of the Cole school, Tenth and Kirkham streets, and is now being sought by detectives who are combing the city in an effort to cast light on the queer case.

The mother of the boy, Mrs. Gladys Greenfield, of 985 Eighth street, who first discovered the kidnapping when a friend, hearing of her supposed illness, called by telephone to learn her condition, declared that she and her husband had quarreled some time ago and suggested to the police that he, or perhaps his sister, may know something of the affair.

According to the teachers in the Cole school, a man waited in the taxicab while the woman entered the school and got the boy.

The taxicab drove up to the school shortly after the morning classes had assembled, according to the witnesses, the woman leaving the machine and seeking the principal.

"Everett's mother is ill, and perhaps dying," declared the stranger. "It is necessary that he come home at once."

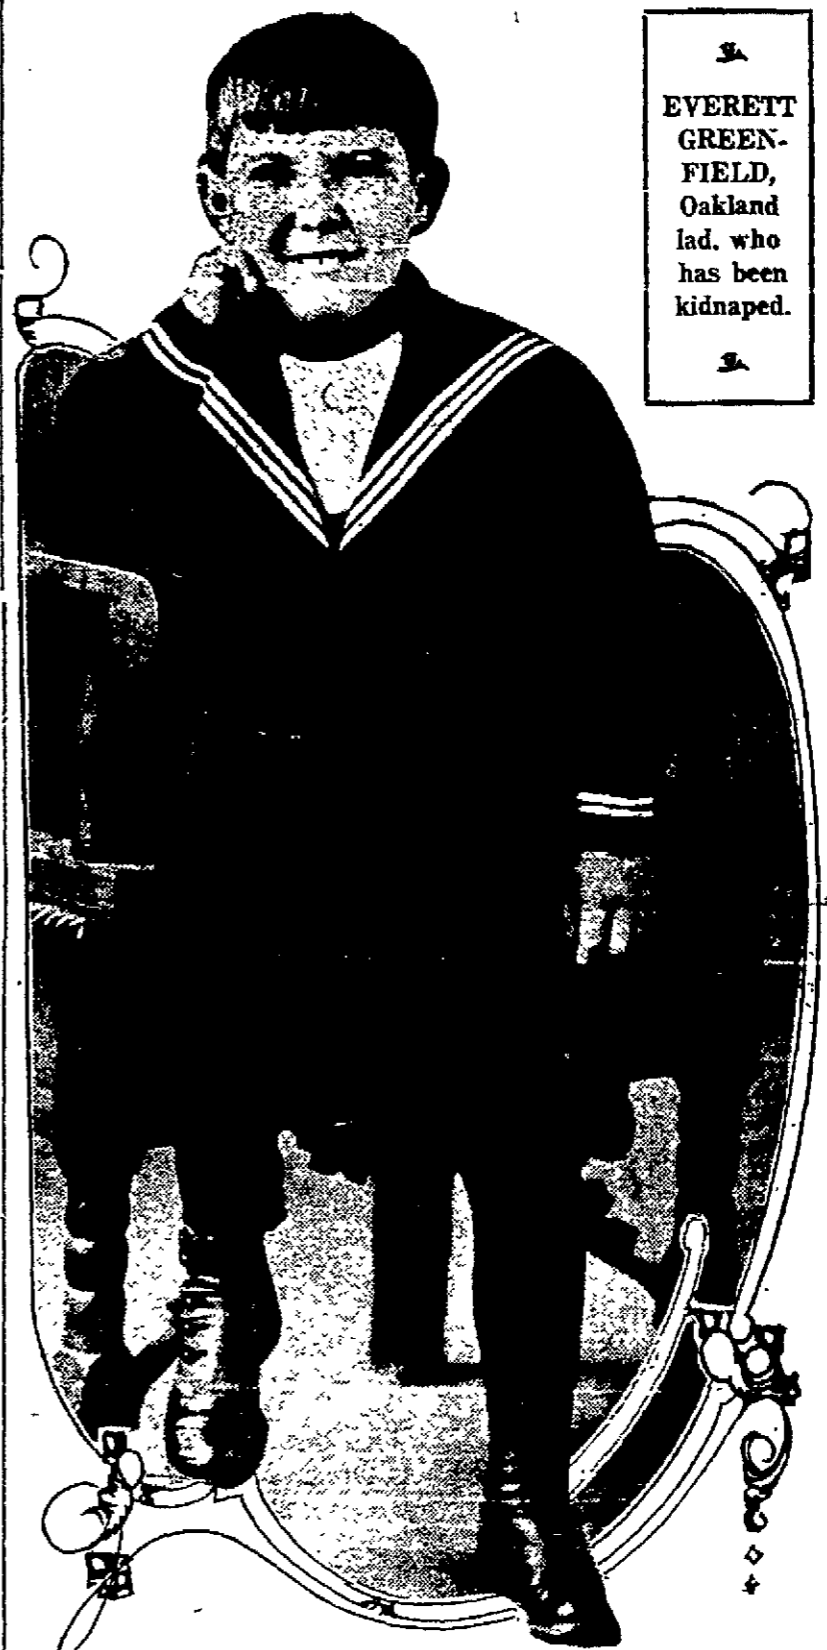

The boy was found in the classroom and hurried to the waiting machine, which drove away at a high speed. It was some time later that friends, telephoning Mrs. Greenfield's home to learn her condition were surprised to find her well.

Her suspicions aroused, Mrs. Greenfield hurried to the school, and, on hearing the teachers' story of the affair, at once notified the police.

She informed Captain of Inspectors Lou Agnew that she and her husband had words a short time ago and the quarrel resulted in an estrangement. She declares that her husband's sister fits the description of the woman who spirited the boy away, and believes that this may help to explain the affair. The police are seeking the relatives. In an effort to learn what they know of the matter.

The boy, according to the description furnished the police, is 7 years of age, about four feet in height and of medium build. When taken from the school he

## MISSING ATTORNEY COL. DUFFY QUILTS STATE PRISON BOARD

SAN FRANCISCO, Jan. 26.—Joseph H. Jordan, attorney and clubman, who mysteriously disappeared July 26, 1911, and was supposed to have been drowned in the bay near Belvedere, is not only alive and well, but is believed to be now in Singapore, according to information in the hands of Chief of Police David Augustus White, who is seeking him on a forgery charge.

Jordan was out looking near Belvedere when he was supposed to have fallen overboard. His bride, whom he married but a short time before, has since obtained a divorce from him and rewedded.

Occasionally, following his disappearance, rumors would come to light that he was alive and today's revelations contained in a letter to the chief of police, it is evident that he had a close friend here who kept him posted regarding the activities of the police and the doing of his relatives and acquaintances.

**ADVICES FROM PHILIPPINES.**

The letter to Chief White comes from John W. Green, an official in the Philippine Islands. He writes that Jordan arrived there September 4, 1911, under the name of J. H. Jordan. He worked in Manila as a stenographer in an attorney's office and in March, 1912, passed the bar examinations. Receiving a communication from here he left hurriedly soon after for Zamboangan, in the Moro province.

On November 15, 1912, he sent a telegram to persons in Manila declaring that he was leaving for Jolo, from which place he embarked for Sanbakan in Borneo.

## COL. DUFFY QUILTS STATE PRISON BOARD

SACRAMENTO, Jan. 26.—An announcement was made in the office of Governor Hiram W. Johnson early today that Dennis M. Duffy, president of the State Board of Prison Directors, has resigned.

"He resigned at my request, because recent events rendered incompatible his longer occupancy of the particular office," was the brief statement made by the governor.

Current reports that Warren R. Porter, member of the State Board of Prison Directors, had offered his resignation with Duffy were quieted by a statement of the governor concerning Porter, in which he said: "I know nothing of Porter's intention and have no resignation from him."

Senator Tom Finn, it has been declared for some time, is in line for the position of ward in Folsom, to succeed Smith, but Finn says that he plans, instead, to run for sheriff of San Francisco.

**NO CHANGES AT FOLSOM.**

"You may say this," said Private Secretary Alex McCabe at the governor's office. "Warden Smith is not to be relieved. He is a competent warden. He has made good so far as I know, and has had the unanimous support of the Board of Prison Directors, including Colonel Duffy and former Lieutenant Governor Porter. I have no thought that either intends to resign on account of Warden Smith."

Warden Johnston of San Quentin, who was at the governor's office, said

## ANONYMOUS WRITER IS GREAVES' ACCUSER

Motive Revealed in Letter to United States Officials

Appeal for Protection Is Made to British Consul

## Appeal for Protection Is Made to British Consul

SAN FRANCISCO, Jan. 26.—With the appearance today before United States Judge Dooling of Mrs. Rebecca Greaves and her beautiful daughter, Phyllis, wife and daughter of the late auditor of the United States Steel Products Company, who are facing deportation, there was revealed the identity of the New York woman who has been seeking to have them sent out of the country and her motive for so doing.

Simultaneously with these revelations, came an anonymous letter to Assistant United States Attorney Walter Hettman, in which disparaging statements were made of Mrs. Greaves.

The mother and daughter have also appealed to British Consul Carnegie Ross, asking his intercession and aid.

Jealousy of Miss Phyllis Greaves, the daughter of Mrs. Greaves, who was born in South America, the former general manager in South America of the United States Steel Products Company, is alleged to be at the bottom of the entire affair, and two letters written by the woman to the United States Commissioner of Immigration at New York under the inquiry which may force the mother and daughter to leave the United States forever.

**STORY OF GREAVES.**

The story told by the Greaves and born out by the record compiled in New York is substantially as follows:

Before his death Greaves took his wife and daughter on a junket to South America. The party was in charge of B. P. Northrup, Greaves's associate and friend. After reaching South America, Greaves died and Northrup became the owner of the property and daughter. He went with them to England, but returned to the United States ahead of them. On reaching here, Mrs. Greaves found that Northrup had formed a corporation known as the Crown Shield Trading Corporation. She received her \$40000 insurance and he asked permission to borrow \$30000. This loan was the beginning of the Greaves' trouble.

Shortly afterwards, it is declared, Northrup departed for South America and has never returned to his wife and children. Prior to his going he paid back about \$4000 of the borrowed money. Mrs. Northrup, in her first letter to the commissioner of immigration, declared that her husband was lavishing his money on the mother and daughter upon Miss Phyllis Greaves. She appealed to the commissioner to do something. An inspector was

## Army Reorganization Plan Is Submitted

By Associated Press.

NEW YORK, Jan. 26.—A complete plan for reorganization of the regular army has been submitted to Secretary of War Garrison and referred by him to the general staff, it was stated here yesterday. The plan was prepared by a committee of army officers, of which the chairman was Colonel Edwin F. Glenn, member of the general staff and now chief of staff on Governor's Island. Colonel Glenn said the committee's report was submitted several days ago to the secretary of war. He said he could not discuss the details of the reorganization recommended until the plan had been passed on by the war department. The report is understood to be in the nature of a bill to be introduced in Congress.

## First Appropriation Bill Gets Signature

By Associated Press.

WASHINGTON, Jan. 26.—President Wilson today signed the emergency deficiency bill, carrying approximately \$5,000,000, the first of the general appropriation bills of the present session of Congress to come before him. Five others must follow before March 4. The President also signed the bill creating the Rocky Mountain National Park in Colorado, with approximately 280,000 acres of public lands.

### THIRD TIME KIDNAPED.

This is the third time that her son was  
kidnaped by his father, was the statement  
of Mrs. Greenfield today. She had learned  
that the father was responsible because  
he called her up on the telephone last  
night and told her that he had taken the  
boy.

"Hello, I have got your boy," said  
Greenfield when he got his wife on the  
telephone. "If you don't believe it I will  
let you listen to him talk."

"Hello, mama,"

"Where are you?" demanded the  
woman.

Greenfield was apparently listen-  
ing on the receiver for he hung up the  
telephone before the boy could give  
an answer.

"This is the third time my husband has  
stolen the child," said Mrs. Greenfield to-  
day. "In June, 1912, he came to Oakland  
and stole the child from in front of the  
house where he was playing. He dashed  
up in an automobile with his sister, Mrs.  
Alma Gallagher, seized the boy and sped  
away."

PURSUIT TO LOS ANGELES.

"I learned that he had gone to Los  
Angeles and pursued him there. Having  
ascertained where he was living, I  
did not have much difficulty in follow-  
ing him. He was living in a rooming  
house with another woman."

"About a year ago he stole Everett  
again. The boy had gone to the public  
library with a friend and while the  
friend was looking over some books Mr.  
Greenfield came in and carried him  
off."

"I threw the net off the trail he bought  
a ticket for San Jose and after boarding  
the train, changed his route for Santa  
Barbara and then changed again for Los  
Angeles. In spite of this I was able  
to trace them and I followed to Los An-  
geles, where I again obtained possession  
of my son."

LEFT TOWN, BELIEF.

Yesterday the kidnapping occurred at  
the school. I think my sister-in-law,  
Miss Gallagher, must have been the  
woman in the taxicab and the police are  
going to have Miss Morrison, the school  
teacher to whom she talked, identify her.  
I have but little doubt that my husband  
has left town with the boy by this  
time."

Greenfield is a cement contractor in Los  
Angeles.

Captain of Inspectors Lou Agnew has  
detained Inspectors Emigh and Nells to  
work on the case.

KIDNEY EMBROIDERED.

Ed Kidney, alias Maxwell, was ar-  
rested last night by Patrolman Erick-  
son at 723 Seventh street, and is being  
held for investigation. Kidney is al-  
leged to have purchased groceries  
amounting to \$45 from Mrs. Dough-

Central National Bank for \$10.  
The check was returned marked "no

## ROCKEFELLER WILL HEAR 'MOTHER' JONES ON STRIKE

### OIL KING ASKS WOMAN TO CONFER

He Testifies Before Federal  
Commission on Colorado  
Situation.

By Associated Press.

NEW YORK, Jan. 25.—John D.  
Rockefeller Jr. today invited  
'Mother' Jones, the aged strike  
leader in the Colorado coal fields, to  
visit him and place before him all  
information as to the strike situation  
there. The invitation was accepted.  
Rockefeller was to continue his  
testimony today before the Federal  
Commission on Industrial Relations,  
conducting an inquiry here into the  
objects and management of philan-  
thropic foundations and causes of in-  
dustrial unrest. Rockefeller occu-  
pled the witness stand for five hours  
yesterday, much of his testimony  
having to do with the policies of the  
Colorado Fuel & Iron Company. In  
this company, the witness said, his  
father had invested \$54,000,000 and  
added that "the securities are now  
worth \$19,000,000."

Regarding labor questions, the wit-  
ness said he had no knowledge, but  
declared he was in favor of labor or-  
ganizing. His testimony today was  
expected to turn to questions con-  
cerning the Rockefeller Foundation,  
of which he is the head.

### CALLED AS WITNESS.

The invitation was extended by Mr.  
Rockefeller as he entered the room  
in the city hall, where the federal  
commission industrial relations is con-  
ducting its inquiry into philanthropic  
foundations and the causes of in-  
dustrial unrest.

Mr. Rockefeller testified yesterday  
before the commission and was the  
first witness called today. As he  
walked from the door to the witness  
chair he saw 'Mother' Jones sitting  
among the spectators. He stepped to  
her side and shook hands.

"I wish you would come to see  
me and give me any information  
you have on the Colorado situa-  
tion," he said.

"Mother' Jones was visibly sur-  
prised."

"That's very nice of you," she  
said. "I have always said that  
you could know but little of the  
condition of the workers in Colo-  
rado and that you should hear  
something else besides what  
those hellfings tell you."

### ABOUT CLERGYMAN.

After Mr. Rockefeller took the  
stand Chairman Walsh read a letter  
written by Mr. Wellborn (president of  
the company) to Star J. Murphy of  
the personal staff of John D. Rocke-  
feller Sr. In the letter Mr. Wellborn  
said that a clergyman at Sungeet had  
made some remarks detrimental to  
the company and that it had been  
suggested that the clergyman be re-  
moved. Although the clergyman had  
made indiscreet remarks and had so-  
cialist tendencies, Mr. Wellborn  
wrote that he hesitated to remove  
him.

As a criticism Mr. Rockefeller said  
he believed all clergymen should be  
free to say what they pleased. It  
was brought out that the clergyman  
in question had been a member of  
the Colorado Fuel and Iron Com-  
pany in connection with the  
conflicts at Ludlow.

### NEWS TO HIM.

"Did you know that Jefferson  
Farr is a sheriff and that for fif-  
teen years your company has used  
its influence to elect him?" asked  
Mr. Walsh. "Did you know that  
just before the strike he swore  
in 300 men as deputies and was  
told that the Colorado Fuel and  
Iron Company would furnish  
them with arms and pay them?"

Mr. Rockefeller said that he  
knew nothing about the matter.

"As a citizen I say that any-  
thing which interferes with the  
operation of a democratic form of  
government should not be toler-  
ated," Mr. Rockefeller added.

"I do know," he testified, "that  
if my home and property were in  
danger I would take any mea-  
sures within my power to protect  
them. Emergencies are likely to  
arise."

Mr. Rockefeller said he had  
never heard the detectives were  
employed by the Colorado Fuel  
and Iron Company to spy on the  
men.

"Suppose you found that the  
executives of the Colorado Fuel  
and Iron Company had taken  
away the rights of the men?" he  
was asked.

"I would have to hear all  
sides," he replied. "If the direc-  
tors determined that the executive  
officials were guilty they would  
have to stand any action the  
board might take."

"What would you do to a cor-  
poration officer who admitted that  
he had used money and influence  
in an election?" Chairman Walsh  
asked.

"I would do my utmost to have  
him separated from the corpora-  
tion," the witness replied. "I  
would not care to be associated  
in business with such a dishonest  
man."

Mr. Rockefeller said he did not

JOHN D. ROCKEFELLER JR. AND 'MOTHER' JONES, WHO WILL  
MEET TO TALK OVER COLORADO STRIKE SITUATION.

know that for 23 years no verdict  
had been found against the Colorado  
Fuel and Iron Company for injury to  
or death of a workman.

Commissioner Walsh read a letter  
from W. J. Dalton of Cleveland, writ-  
ten to the commission, in which Dal-  
ton said that while working for the  
Colorado Fuel and Iron Company he  
had lost an eye and had been other-  
wise injured. The company gave him  
sympathy, but that was all, accord-  
ing to the letter. Dalton wrote that  
he had written to the witness and to  
John D. Rockefeller Sr., but that the  
only answer he had received was a  
note from the secretary of Mr. Rocke-  
feller Sr., who said that Mr. Rocke-  
feller was in Cleveland for "recrea-  
tion and business." The witness said  
that he had not received any such let-  
ter, so far as he knew.

Mr. Rockefeller's attention was  
drawn to the recent testimony of  
Henry Ford of Detroit, who testified  
that a department of his company  
kept him advised as to labor condi-  
tions among his 18,000 employees. Mr.  
Rockefeller pointed out that Mr.  
Ford was making millions of dollars  
of profit every year, but that the  
Colorado Fuel and Iron Company was  
"not making returns to its stockhold-  
ers."

### KINDS OF HELP.

Some of the officers of the Colo-  
rado Fuel and Iron Company, Mr.  
Rockefeller said, were trying to help  
the employees.

"Do you believe that an in-  
dustrial corporation should select  
teachers for the children of em-  
ployees?" Chairman Walsh  
asked.

"I do, if there were no other  
way to provide a teacher. In  
fact, in isolated communities, I  
think it would be the duty of a  
company to furnish school teach-  
ers."

Mr. Walsh asked Mr. Rockefeller  
whether he thought it legal and  
right for corporations to use a  
"black list." The witness said he  
believed a corporation might have its  
own list of "undesirables," but that  
he did not believe they should be  
sent to other companies.

### OBJECTS TO GUARDS.

During the luncheon hour, Mr.  
Rockefeller notified his staff that he  
wanted them to withdraw the private  
and central offices detectives who  
have been guarding him since yester-  
day. He was quoted as saying:

"This thing of being hurried  
out of side doors to avoid crowds  
and being followed around by a  
lot of detectives must stop. It  
makes me look ridiculous. I am  
in no more danger than any  
other witness who has testified.  
The police should confine their  
activities to maintaining order in  
the room."

Mr. Rockefeller was followed by  
about 20 detectives when he appear-  
ed this morning. This afternoon,  
when he arrived at the city hall, they  
were not to be seen.

"Mother' Jones said she would  
probably see Mr. Rockefeller within  
the next day or so, and that she  
would give him complete details con-  
cerning conditions in Colorado.

"He does not know the true  
conditions," she said. "I intend  
that he shall. It is very nice of  
him to ask me to come to see  
him."

### NO PEACE, WITH ENEMY ON SOIL

By Associated Press.

PETROGRAD, via London, Jan. 26.  
\$25 p. m.—The government stands  
for the scrupulous fulfillment of the  
Emperor's manifesto issued the day  
the war was declared, that so long as  
a single soldier of the enemy remains  
on Russian soil no peace will be con-  
cluded."

In these words Sergius Sazonoff, at  
a meeting of the ways and means  
committee of the Duma today, an-  
swered inquiries propounded by lead-  
ing members of the Duma. These in-  
quiries were suggested by the de-  
termination said to have been reached  
by the German Reichstag that all ter-  
ritory retaken by German blood and  
now occupied by Germany, should be  
retained.

The committee meeting was pre-  
sided by the opening sessions of  
the council of state on January 30,  
and of the Duma on February 2.

"As to the evacuation of the en-  
emy's territory we are bound by  
agreement with our allies," M. Sazo-  
noff continued. "The words of the  
manifesto must not be limited to Rus-  
sian territory."

No explanation was made of the  
foreign minister's reference to "the  
enemies' territory," but it is regarded  
as a reference to Galicia, which, al-  
though not Russian territory, is char-  
acterized here as being inhabited by  
"little Russians."

M. Sazonoff said that Great Britain was bearing  
conscientiously the tremendous burden of  
her share of the war.

The assistant minister of war said  
that Russian military resources were  
meeting satisfactorily all the demands  
made upon them by the government  
and that the army commissariat was  
being maintained efficiently.

Pierre Kartanov, secretary of state  
and at present acting premier, said  
the financial condition of the country  
was good. It was intimated that an  
agreement with Sweden soon would  
be reached, providing for completion  
of railway connections between the  
two countries.

sent to interview the Greaves,  
and Mrs. Greaves' attention was  
called to the fact that on enter-  
ing here she had declared herself  
a native of the United States.

She explained that she had made a  
mistake and that her husband was a  
citizen. The inspector reported back  
that an error had been made, but  
even if this were not so, there would  
be no ground for deportation. Sub-  
sequently, it is charged that Mrs.  
Northrup wrote a second letter, hav-  
ing discovered that Greaves never  
took out second citizenship papers.  
This started the inquiry which re-  
sulted in the arrest of the mother  
and daughter last August and their  
subsequent instructions to prepare  
for deportation January 13.

DENY ANY ATTENTIONS.

It is the contention of the counsel  
of the women, that but for the  
charges of Mrs. Northrup the govern-  
ment would not have heard of the  
technicality upon which it seeks to  
deport the women.

Not only do the Greaves deny that  
Northrup paid them any great at-  
tention, but they show that they have  
received back only \$400 of the  
money loaned him, and that, in fact,  
he has injured them greatly. In her  
appeal to the commissioner of New  
York Mrs. Northrup made great  
claims about the penniless state of  
herself and her children.

Today Attorney Heitman received  
an anonymous letter, in which the  
resident of New York declared that  
Mrs. Greaves prior to the birth of  
her daughter, had declared she  
wanted the child to be a British citi-  
zen and had gone over to the Canadian  
line in order that the youngster  
might come into the world on Eng-  
lish soil.

All of the evidence, including the  
letters of Mrs. Northrup and the re-  
ports of the customs officials, ar-  
rived here today from New York.  
Consul have had no opportunity to  
examine them and Judge Doelling  
granted a continuance of the case  
for one week in order that some of  
the above mentioned facts might be  
incorporated in the complaint.

Temporarily, the documents have  
been turned over to the British con-  
sul. He may communicate with the  
secretary of labor in the hope that

he had heard of no resignations and  
no changes.

"Nobody resigns on Monday," said  
he, dismissing the whole thing with  
a laugh.

Colonel Duffy was formerly in the  
governor's law office at San Fran-  
cisco and is a social as well as a  
political associate of Johnson.

Warden Smith gets his influence  
with Governor Johnson through Sec-  
retary McCabe, Superior Judge  
Franklin Griffin, and the Cox family  
of Sacramento, to whom he is re-  
lated.

OPPOSITION TO WARDEN.

Colonel Duffy and Porter were  
among the prison commissioners who  
voted to appoint Smith warden of  
Folsom. Smith was formerly captain  
of the guards at Folsom, a position  
in which he made many influential  
friends.

The opposition to him that has de-  
veloped on the part of Duffy and  
Porter is due to the fact that there  
have been more murders, escapes  
and other acts of violence under his  
regime as warden than have occurred  
at Folsom in years.

Both Duffy and Porter have fre-  
quently told men high in the admin-  
istration that Smith was not a man  
big enough for his job, but Smith,  
who has been an aggressive cam-  
paigner for Governor Johnson in and  
out of the prison, has managed to  
circumvent every attempt to remove  
him.

### British Artillery Silences Big Guns

By Associated Press.

ST. MICHEL, Jan. 25, via Paris, Jan.  
26, 4:45 a. m.—The heavy artillery of  
the British has destroyed an enormous  
gun which the Germans were placing  
on a hill about a mile behind their  
first line of trenches and about two  
miles from Festubert with the object  
of silencing the English Howitzers  
and bombarding Bethune.

The position of the big gun was  
marked by a British aviator and the  
fourth shell from the British guns  
demolished it. The British gunners  
then directed their fire on a group of  
German artillerymen engaged in plac-  
ing a similar gun a mile farther be-  
hind, scattering them with a few well-  
timed shells. They also smashed three  
pumps brought up by the Germans to  
empty water out of their trenches.

FARN INTERNED.

SAN JUAN, Porto Rico, Jan. 25.—  
The steamer Farn, a British collier,  
which was brought into port here as  
a German prize by a crew from the  
German cruiser Karlsruhe, was in-  
terned today. A guard from the  
Porto Rico regiment has been placed  
in charge of the ship and the officers  
of the Farn have been paroled, pend-  
ing further instructions. The Chinese  
among the Farn's crew were released  
and will leave for Santo Domingo.

**BERLIN REPEATS:  
BRITISH SHIP LOST**

Been Torpedoed in Sea  
Battle.

(Continued From Page 1)

hitherto adopted by the fed-  
eration during the war. It is  
necessary in order to make  
the food supply and regular sup-  
ply of people with breadstuffs  
the most pressing of the new  
policy. It is, besides, a necessity  
for the nation.

The steps heretofore taken have  
not been far-reaching  
enough to bring about the sparing use  
of food supplies. It is necessary  
to take steps in reality suffi-  
cient for the nation. In particular the  
steps heretofore introduced have  
not prevented the feeding of bread  
grains to cattle.

The present order gives us the  
certainty that our enemies plan to  
starve Germany with bread and as-  
sures us of plentiful bread until the  
next harvest.

**FOOD ORDER SIGNIFICANT.**

LONDON, Jan. 26.—The sweeping  
regulations for the conservation of  
the food supply of Germany, includ-  
ing the confiscation of the entire  
crop, is reported in London as  
the most significant item of news re-  
ceived today from the countries at  
war.

Berlin announces officially that  
this step calls deeper into the  
economic life of the German peo-  
ple than any other measure  
adopted since the outbreak of  
hostilities, and the government  
defends the regulation on the  
ground that in order to upset  
the plans of the German people  
to starve the empire, it is neces-  
sary to make certain of a regu-  
lar supply of foodstuffs until the  
next harvest.

In the war area the reported Rus-  
sian invasion of Hungary by way of  
Bukovina is attracting interested at-  
tention in London. A special news  
dispatch from Budapest sets forth  
that after a temporary check the Rus-  
sians actually had penetrated Hun-  
gary, where they held the key to  
Jozsefava, an important strategic po-  
sition.

Russian reinforcements are reported  
as constantly arriving in Bukovina,  
a fact which clearly indicates, in the  
opinion of British observers, the in-  
tention of Russia to invade Transyl-  
vania in force.

Petrograd asserts that as a counter  
to this Russian move against Transyl-  
vania the German army which was  
sent ostensibly to operate against Ser-  
bia is now being directed to the de-  
fense of the Carpathian front.

Petrograd reports also that the  
Russian Caucasus army is closing in  
on the Turkish Black Sea flank, where  
the Ottoman troops are described as  
in a dangerous plight. From the  
same source comes a report that the  
British army in Mesopotamia has met  
with some success while advancing on  
Bagdad.

**TETONS TAKE KIELCE.**

BERLIN, Jan. 26, via London.  
12:45 p. m.—A dispatch received  
today from Cracow, Galicia, says that  
Austro-German forces have occupied  
Kielce, Russian Poland.

Kielce is the capital of the Russian  
province of that name and lies in  
Southern Poland, about 100 miles north  
of the border of the Austrian prov-  
ince of Galicia. In that region has  
occurred some of the heaviest fight-  
ing of the eastern campaign, and it is  
of considerable strategic value, be-  
cause it is the most important railroad  
junction northeast of Cracow. Its  
capture, if effected, follows the initia-  
tion of the new offensive movement  
by the German army in the east  
all along the eastern battle front.

**REITERATE BRITISH LOSS.**

BERLIN, Jan. 26, via London.  
10:35 a. m.—Additional details  
of the sinking of a British bat-  
tle-cruiser in a naval battle in the  
North Sea, west of Heligoland, which  
is claimed by the Germans, is given  
in a statement issued here today. The  
statement follows:

"According to well-informed Ger-  
man sources this cruiser suffered  
heavily from the fire of our cannon,  
and was then sunk by a German tor-  
pedo boat by two well-directed shots.  
The sinking was observed by a Ger-  
man ship, which followed the bat-  
tle closely.

"Two English torpedo boats were  
also sunk. The ship also observed  
the serious damage of other Eng-  
lish ships."

**REPORT BRITISH STRONGER.**

BERLIN, via London, Jan. 26,  
10:35 a. m.—The news of the fur-  
ther details of the naval battle in  
the North Sea, the newspapers con-  
fine themselves to comments about  
the great superiority and strength  
of the British fleet engaged.

Prince Joseph, the youngest son  
of Emperor William, has been un-  
able to start his convalescent leave,  
as recently planned, as he has been  
affected with a high fever for sev-  
eral days.

No credence is given to the British  
admiralty's report that no British ves-  
sel was lost in the fight.

Much more space is given in the  
newspapers to the orders of the  
federal council concerning conscripts.  
The orders are welcomed by all  
writers.

**SURVIVORS LANDED.**

EDINBURGH, Scotland, via London,  
Jan. 26, 2:35 p. m.—Fifty survivors  
of the German armored cruiser  
Blucher, which was sunk in an en-  
gagement with British warships, were  
landed today at Leith, two miles  
north of Edinburgh.

A contingent of the Red Cross corps  
went to the ship with ambulances to  
receive twenty-three men who had  
been wounded in the fight. One of  
the wounded Germans had died while  
on the way to this port. Several of  
the wounded were terribly injured.

Some of the men were taken in  
ambushes to Edinburgh Castle. The  
men who had escaped unscathed  
were taken to the hospital. They  
were treated with interest the sol-  
diers drilling on the parade grounds.  
The survivors were dressed mostly in  
the uniforms of the navy. Some still wore  
sea boots and a few were in their  
stocking feet.

**MINES LAY BELIEF.**

**OFFICIAL WAR  
STATEMENTS**

By Associated Press.

PARIS, Jan. 26, 2:50 p. m.—  
Greatly increased activity along the  
western battlefront is reported in the  
official French communication of to-  
day. The infantry, rested with the  
Germans, who in some sectors de-  
livered as many as five successive  
attacks of great violence. It is said  
that all these assaults were met suc-  
cessfully, except in the region of Cra-  
onne, where the Germans succeeded in  
penetrating the trenches of the  
allies and holding some of the ground  
gained. Bombardment by the Ger-  
mans of the Alsatian town of Sen-  
heim, six miles southwest of Thann,  
indicates that they may have made  
some progress in this region also.

The French official report follows:  
The French front Belgian troops  
have made progress in the vicinity of  
Pervyse.

"At daybreak yesterday, the Ger-  
mans, one battalion strong, delivered  
an attack against our trenches in the  
vicinity of Pervyse. The attack was  
repulsed and the Germans were re-  
pulsed and left on the field numer-  
ous dead and 50 prisoners, including  
two officers. This attack was accom-  
panied by an attempt at diversion at  
several points on our front. Between  
the road from Bethune to La Bassée  
and Aix Noullette, a detachment of  
the enemy, which endeavored to come  
out from the trenches, was at once  
stopped by the fire of our infantry  
and of our artillery. On the rest of  
the front between the Lys and the  
Oise yesterday saw artillery duels.

"The west of Craonne, the ene-  
my delivered two successive attacks,  
each of great violence. The first was  
repulsed, but the second penetrated  
our trenches. By an energetic coun-  
ter attack, however, our troops suc-  
ceeded in regaining almost all of the  
ground lost by them. At this point  
the fighting is still going on around  
that part of the trench which is oc-  
cupied by the Germans.

"In Champagne, the artillery of the  
enemy yesterday showed less activity  
than on preceding days, while our  
batteries delivered an effective fire  
against the German positions. In the  
Argonne, in the vicinity of St. Hubert,  
we checked with our artillery an  
attempt on the part of the Ger-  
mans to deliver an attack.

"In Alsace the enemy was active  
in the vicinity of the mine throwers  
against our positions. The German  
Weilerkopf, at this point yesterday  
there was no fresh fighting. The  
Germans yesterday bombarded  
Lann, Lambach and Sennheim."

**BERLIN REPORTS VICTORY.**

BERLIN, Jan. 26, by wireless to  
London, 3:30 p. m.—The German war  
office, in its daily bulletin, today  
announces that two strong points of  
support in the possession of the  
English were captured by German  
troops yesterday in a general assault  
on the English positions near La  
Bassée. The text of the communica-  
tion reads:

"In the western theater the enemy,  
following his custom, placed Middle-  
kerke and Westende (in Belgium)  
under fire yesterday. A large num-  
ber of the inhabitants were killed or  
injured by this fire; they landed the  
burgomaster of Middlekerke.

"Our losses yesterday were small.  
Our troops attacked the positions of  
the English on both sides of the La  
Bassée canal. While the attack on  
the north of the canal between Giv-  
enchy and the canal did not lead to  
the capture of any English positions  
on account of a strong flanking move-  
ment, an attack of the troops from  
Bader, on the south of the canal met  
with complete success. In this region  
English positions extending for over  
a width of 1100 meters (1200 yards)  
were taken by storm and two strong  
points of support were captured.

"The English attempted in vain to  
recapture the positions, which had  
been employed for our own purposes,  
but they were beaten back with heavy  
losses. Our losses were comparatively  
small.

"Battles successful for our troops  
took place on the heights of Craonne  
to the southeast of Laon. All the at-  
tacks of the French in the southern  
part of the Argonne were repulsed.  
More than fifty prisoners fell into  
our hands.

"In the eastern theater the Rus-  
sians attacked positions of our cav-  
alry to the northeast of Gumbinnen  
(in East Prussia) without success.  
Pierce artillery duels took place on  
the remainder of the front in East  
Prussia.

"Less important engagements to the  
northwest of Wloclawek (in the lower  
Vistula, forty miles southeast of  
Thorn) were successful for us.

"Nothing of importance has hap-  
pened in Poland to the west of the  
Vistula river or to the east of the  
Pilica river."

# Kohler & Chase's Extraordinary Clearance of Fine Pianos Baby Grands and Player Pianos Starts With a Rush

We made what we thought were extraordinary provisions. The response, however, exceeded our greatest expectations. Buyers from far and near swarmed our big establishment. Such a host of music lovers. Such piano selling has not been witnessed in many a day. We ask the indulgence of those who could not be waited on promptly. That's all fixed now. More help and more salesmen have already been provided.

This record-breaking response demonstrates most forcibly the unquestioned faith the public have in the Kohler & Chase announcements. It shows further that when genuine money-saving bargains are offered there are always buyers a-plenty to take advantage.

Again we state—most emphatically—that this is unquestionably the greatest Clearance Sale of High Grade Pianos, Player Pianos, Baby Grands and Electric Instruments ever witnessed in California.

## FACTS and FIGURES About the Great Sale

Some idea of the magnitude of this Clearance Sale can be gained from the following facts and figures:

Over 16,000 square feet of floor space in the Kohler & Chase main building and Annex is devoted exclusively to the Clearance Sale instruments.

To transport these instruments would necessitate a solid train load of thirty large freight cars.

If placed end-to-end they would make a solid line nearly a half mile long.

If placed one on top of another they would make a column over 1800 feet high—four and half times the height of the Claus Spreckels Building, and over ten times the height of the ten-story Kohler & Chase Building.

If these Clearance Sale instruments were sold at the regular established retail prices the amount of money involved would total \$119,640. At the reduced Clearance Sale prices the amount will be \$70,780, a reduction of \$48,860, or an average saving to each Clearance Sale purchaser of nearly 40%.

## FRENCH ABANDON OFFENSIVE PLANS

By Associated Press.

BERLIN, Jan. 25, via London, Jan. 25.—The only remnants of the French offensive, according to Major Morant, the French military correspondent, are now noticeable at Arras and Perthes, in the Argonne, at Pont-a-Mousson and in Alsace. The abandonment of their effort at Soissons after their first reverse is considered by the correspondent to show that the French no longer are making a serious attempt to maintain a general offensive.

Otherwise, he says, they would have renewed the struggle at Soissons regardless of their losses.

As for the attack at Arras, Major

Morant says it has been persisted in chiefly owing to the insistence of the English, and that the fighting has degenerated into a series of costly attacks.

The intention of the French in their repeated efforts at Perthes is clear, according to Major Morant, who says they wish thereby to bring to a standstill the steady progress of the Germans in the Argonne, where their left wing has worked its way through the forest and is steadily approaching St. Menesbail and the railway from Verdun.

ALL ATTACKS REPULSED.  
The attacks in the vicinity of Perthes, says Major Morant, have been repulsed with heavy French losses, and the attempts to open a breach in the German lines at Pont-a-Mousson already are dying out, the French having been unable to retain the slight advantage they gained in the middle of January.

The correspondent summarizes the western situation with the statement that the German defensive is unbroken and that its offensive is growing stronger.

Major Morant concedes the Russian

plan in the east to an attempt to recover Hannibal's strategy at Cannae. In 217 B. C. when the Romans attempted to crush him, namely, a retirement of the Russian center on the Warsaw-Ivanogorod line, while two wings, one north of the Vistula, and the other directed against Hungary and Transylvania, swept forward and in and on the German flanks and rear.

What was lacking, Major Morant says, was a Hannibal and an energetic staff. The two wings, he declared, failed to develop vigorous activity and in addition the left wing was badly beaten. There is no reason to worry about the fate of the broad Austro-German center in Poland, Major Morant says in conclusion.

## DAYS' CHARGE LITERARY BOYCOTT

Unable to Obtain Hearing for  
Temperance in Campus  
Publication.

BERKELEY, Jan. 25.—The statement of three University of California students who purpose to start a campus temperance publication, that they have been unable to obtain a hearing for temperance articles and news to present campus publications, aroused intense interest on the campus this morning, where it was rumored that their charges would receive the attention of the students affairs committee.

John E. Stiles, a junior in agriculture; Eugene G. Gage, a senior in mechanical engineering; and Ralph L. Johns, a sophomore in natural science, are the trio who plan the new paper. They expect it will make its appearance about March 1, but this has not been definitely decided. They claim to have the backing of the state temperance organization as well as of several churches, the W. C. T. U., and kindred bodies. Their declaration that they could not obtain justice from student publications was contained in a letter sent over their signatures to various churches and others. In part it read:

"During the college year of 1912-13 the Temperance Research Club of the University of California found itself handicapped while trying to present conditions on the campus because it was impossible to have its side presented to the students through student publications operated then, as now, by an element which did not favor reform. We were forced to use outside publications and did not reach the students."

**MUST OWN PAPER.**  
"We have decided that to make progress we must own and publish a paper. We stand for power that rises in character and goes forth in service—moral, social and political sincerity in the presence of pretense. We stand for frank, honest and untrammeled expression of student opinion, for a higher moral standard at the University of California."

This statement and the magazine which it announced comes as echoes of temperance conflict which raged on the campus two years ago. The Research Society at that time enlisted the aid of numerous temperance organizations outside the college to force its propaganda. There, Otto Platz, one of the students, was one of the chief leaders in the movement. Their criticism of the use of liquor at college functions was followed by a demand from outside organizations for a definite ruling against such use. The matter finally came before the regents of the University, who issued a long statement in which they refused to adopt such a rule and pointed to the efficiency generally of student self-government.

**AMPLE BACKING PROMISED.**  
Stiles and Gage were interested in the movement at that time. Stiles said today: "I don't know just how soon we will be able to start the publication but we have every intention of doing so. We have tried to secure a hearing in the present student publications, but on one point and another they never seemed to have the space for temperance articles."

We believe a student publication devoted to temperance, is therefore, a necessity. Already we have considerable outside backing for such a venture, many friends of the temperance cause having promised their support."

The campus, generally, believed that the matter would come before a committee of the students and faculty which has been watching student publications since the objections that were made during the recent publication campaign to an advertisement published in the Daily Californian, in favor of the liquor cause and quoting Mrs. Phoebe Hearst, regent of the University.

The chief representative of the students of this committee was Victor H. Doyle, while a faculty member is Prof. E. M. Putnam, acting dean of the lower division.

## 'MARKET DAY SALE' HAS ANNIVERSARY

Hale Brothers to Celebrate the  
Beginning of Third Year  
of Popular Event.

Tomorrow Hale Bros. Oakland store, at Washington and Eleventh streets, will celebrate its second anniversary of "Market Day Specials," inaugurated two years ago to meet the extra trade demand of free market day in Oakland. So overwhelming has been the success of these sales that Hale Bros. have begun a third year with greater values in all departments than on any previous market day.

Tonight's TRIBUNE contains the advertisement of the second anniversary "Market Day Specials" sale, and years well-known firm has surpassed former records in offering merchandise of dependable quality and merit at bedrock prices. Their big show windows are ready with interesting displays, and beyond doubt these sales will continue to strike a popular note, not only with the thousands who come to Oakland each Wednesday to take advantage of free market day, but with numberless Oakland patrons of the store.

The advertisement tonight relates briefly the history of free market day in Oakland from the time, thirty-two years ago, when the city council passed resolutions relieving the farmers of license-paying for one year. That act established the Oakland free market on the sidewalks of Broadway between Sixth and Seventh streets, presenting a unique sight not unlike a bazaar out of the Arabian Nights.

When the year was up the free market was continued in a building at Clay, Fourth and Fifth streets. Today at Washington and Eleventh streets, only five blocks below Hale's, a second new free market has taken its place among Oakland's institutions. Judging from past records, Hale's great sales to further popularize free market day will doubtless prove unusually successful during the coming year.

## SUFFRAGE AMENDMENT

By Associated Press.  
CHARLESTON, W. Va., Jan. 26.—The legislature today voted to submit to the people at the next election an amendment to the constitution providing for woman suffrage. There was one vote in the senate and six in the house against the resolution.

## MRS. ROSE LEMAN RECOVERING NOTED SINGER'S INJURY HEALS

MRS. ROSE LEMMAN, NOTED OAKLAND SINGER, WHO IS RECOVERING FROM SERIOUS INJURY.

After lying in a serious condition for several days as the result of a fall, in which her arm, which crashed through an elevator door, was nearly amputated, Mrs. Rose Lemman, noted singer, was today pronounced out of danger. For a time it was feared that blood poisoning might set in, and the arm be lost. She is still at East Bay Sanitarium, where she will remain for some time.

Mrs. Lemman was injured when, as she was about to enter the elevator at the Raymond Apartments, where she lived, she tripped on a rug and fell headlong

against the glass door. Thrusting out her arm to break the fall, she forced it through the plate glass door. The edge of the glass split the arm from wrist to elbow to the bone and inflicted a lateral gash that left the member nearly severed. Thirty-six stitches were needed when, rushed to the operating table, she was placed under an anesthetic.

Mrs. Lemman, who is the wife of Dr. Adolph Lemman of this city, is well known in musical circles, having sung before a number of fashionable audiences at club and other recitals, and is also a church soloist of note.

## ALL GRAIN PRICES HIGHEST IN YEARS

By Associated Press.  
CHICAGO, Jan. 26.—All grains—corn, oats, rye and barley, as well as wheat—sold today at the highest prices in many years at this season. The volume of trading in corn and oats was extremely large. Commission houses did most of the buying. Assertions were current that the 1915 crop of wheat, which is not yet out

of the ground, was already being sold for export. The biggest rise in price today was for July wheat, the first delivery of the 1915 crop. July wheat showed a jump of nearly 5¢ a bushel from quotations in the early trading this morning. The closing price of July was nervous at a gain of 4¢ 4¢ compared with last night. May wheat overtopped yesterday's highest war prices and reached 1.467½.

## OAKLAND POLICE ARREST FOUR GUNMEN

The Oakland police have arrested four more Suesy Sing tong gunmen in the campaign to prevent further tong trouble in Oakland. Geo. Silk, also known as Quong Silk, a Suesy Sing man, was arrested by Patrolman Buckley at Ninth and Webster streets last night. He is only 18 years of age, but he had a loaded revolver concealed on his person.

Corporal Pullman and Patrolmen White and Oakes this morning arrested Jim Kip and Jew Tick, two Suesy Sings, at 302 Fifth street. They are being held for investigation. Lee Wong, another Suesy Sing, was captured by Patrolmen Brewick and White at 310½ Eighth street. He carried a loaded revolver. All these men are being held for investigation.

SAN FRANCISCO, Jan. 26.—With the police guard in Chinatown doubled, and with peace overtures being

circulated chiefly over the telephone, Chinatown is still in a state of suppressed excitement today. The war of the Suesy Sings and the Suesy Sings is not yet over, although three of the latter tong men have met death and two others are in a precarious condition. Reprisals may yet come, but Chief of Police White has every available man in Chinatown and the highlanders fear to come forth.

Several of the Chinese merchants who are members of the warring organizations were noticed on the street today, each guarded by a special bodyguard from detective agencies.

By Associated Press.  
STOCKTON, Jan. 26.—Four deputies of the Sheriff's office visited the delta country west of this city today and returned with six Chinamen, who are alleged to have been marked for death by one of the factions in the long war.

## SLAYS HIS WIFE AND COMMITS SUICIDE

By Associated Press.  
LOS ANGELES, Jan. 26.—Not hearing from his parents for three days, Howard Wright went to their home today and broke in the bedroom door. There he found his father and mother dead, each with bullet holes through the temple.

They evidently had been dead at least two days. The father, Edward L. Wright, left a note. Judging from this, the son said, he believed his father had shot his mother as she lay asleep, and had then written a rambling letter of explanation, at which he had lain down beside his dead wife and had shot himself.

## SERENADE DISTURBS HER SIRE; POLICE

SAN FRANCISCO, Jan. 26.—Even though they chose the Latin quarter for their serenading, three troubadours from Mexico discovered that they could not follow the custom of their native land and play for the lady of their admiration at unseasonable hours in San Francisco. In consequence, Jose Hernandez, Jose Romero and Joseph Diaz were arrested for disturbing the peace.

The maiden, who was sound asleep at 4 a. m., when the tinkling of mandolin and guitar could be heard beneath her window, was Carlotta Hernandez. She lives at Powell and Vallejo streets.

Loud were the voices that sang to the accompaniment of the soft music. Finally Miss Hernandez's father, standing it no longer, so he threw open the window and blew a police whistle. The serenaders were gathered in and later Judge Oppenheim dismissed them with a reprimand.

## TRAINMASTER SUED; ALIMONY MADE ISSUE

G. Derby Wright, trainmaster for the Southern Pacific Company, was today made defendant in a suit for divorce brought by May J. Wright, 255 Twenty-third street. Mrs. Wright alleges that her husband receives a good salary but that since April, 1911, he has deserted her. She asks for \$55 per month for her permanent support.

## WOMAN BRINGS SUIT FOR \$16,000 ACCOUNTING

After waiting five years for an accounting of her investment, Mrs. Clara Younkins, 2915 Ellsworth street, Berkeley, today filed suit in the superior court against her agent, Belzel & Jones, complaining that she had received no statement regarding an investment of \$16,000 with them, and the collection of rents on her several flat buildings for the last five years. Mrs. Younkins is a widow of the late James C. Younkins, capitalist. The suit is directed against C. T. Jones and Frank W. Belzel. According to the complaint, her business relations with the firm began in October, 1909, and up to last March, she said, there has been no accounting.

## PIONEER WOMAN DIES OF TEN-YEAR ILLNESS

After an illness which covered a period of ten years, Mrs. Stella De Rome, wife of Wilfred De Rome, superintendent of the U. S. Forest Service, died at her home in San Francisco, died last evening at her home in Fifty-fourth street.

Fifty years ago Mrs. De Rome came to California and settled in San Francisco where her father was one of the pioneer grain merchants. For the last twenty-two years she has resided here.

## ASK CHANGE IN CITY ORDINANCE

Dr. Parker Seeks New Law for  
Speaking in the  
Streets.

The demand of Dr. Parker for the passage of an ordinance which would take from the mayor and chief of police the arbitrary power to grant or refuse street speaking privileges was the subject of a heated altercation between Dr. Parker and Chief of Police Walter J. Petersen. Mayor Mott and Chief Petersen had cancelled the permit of Dr. Parker to give demonstrations in the streets. Commissioner W. J. Baccus asked whether it would not be a solution to the difficulty to grant a permit to Dr. Parker to speak, provided he pulls no teeth.

"Doctor, Parker will never be granted a permit to speak with my consent," declared Chief Petersen. "He has used the newspapers of our city to attack public officials and to impugn our motives. He has charged that we have been influenced by improper motives."

"No influence has been brought to bear upon me," declared Dr. Parker. "But I object to Dr. Parker speaking at all, and he never can speak with my consent. His attitude toward this city administration has been such that I would refuse a permit for him to speak at all here. But Mayor Mott and Commissioner Turner could grant the permit without my vote."

"Dr. Parker has not conducted himself decently," said Mayor Mott. "It would be dangerous to give up our control of the street speaking matter."

**PRESENTED ORDINANCE.**  
Dr. Parker had presented an ordinance that would set apart certain streets where anybody may speak without a permit. This was before the council for passage and print.

This ordinance was voted down by a unanimous vote of the council. "We shall submit this ordinance to the people in an initiative ordinance," declared Dr. Parker. "It is an unjust decision."

There was a lengthy discussion of the proposed ordinance. This was started by Dr. C. S. Baird, representing Dr. Parker. "There is a constitutional right to free speech. It cannot be denied. You can hold a man responsible for what he says. But you have no right to prevent him from speaking. Any one should be permitted to speak in the streets. We speak in New York, Portland, Los Angeles."

## ASK CHANGE IN LAW.

"All we want in this matter is a reasonable consideration. Your present ordinance places the arbitrary power in the hands of the mayor and chief of police to refuse a permit to any one to use the public streets. The ordinance we ask is one that would give us our constitutional right."

"The motive behind the refusal of this permit was that of the dental trust," Mayor Mott, speaking for the city council, stated that the permit had been cancelled because protests had been filed by merchants of Oakland.

Wilbur Walker, secretary of the Merchants' Exchange, explained that his association opposed Dr. Parker conducting his business in the street.

## REDFIELD URGES SHIP PURCHASE BILL PASSAGE

By Associated Press.  
DALLAS, Texas, Jan. 26.—Diversification of crops, upbuilding of manufactures and passage of the government ship purchase bill were three things urged as necessary for national prosperity and development in a speech made here last night by William C. Redfield, secretary of commerce, before the Dallas Merchants and Manufacturers' Association.

The ship purchase bill, if enacted, he declared would close the door to private capital in the shipping world. "Private capital will be welcome in the field," he said, "and will be given a full chance therein. If it will remember that the essential fact is the free movement of American commerce at reasonable rates."

## HELD FOR TRIAL ON CHARGE OF FORGERY

Miller T. Moon was held to answer before Judge Mortimer Smith today on a charge of having forged a check for \$20.55 with the name of Mrs. F. A. Johnson of Piedmont. The check was passed on Ambrose Grocery Company. Moon was held over to the Superior Court in bonds of \$2500 for trial.

## CRACKER PLANT BURNS.

DAVENPORT, Ia., Jan. 26.—Fire destroyed the plant of the Crescent Cracker and Cracker Company here last night, causing a loss of \$250,000. Insurance was \$150,000.

## SPEAKER'S AWAY, SO SOLONS PLAY

Night Session Without Quorum  
Is Held by Jestling Congressmen.

By Associated Press.  
WASHINGTON, Jan. 26.—The House, which met early today to rescue consideration of the big supply bill, carrying \$22,000,000 for the department of agriculture for the next fiscal year, still is undergoing difficulty in maintaining a quorum which both Democratic Leader Underwood and Republican Leader Mann have warned their colleagues is necessary constantly, to avert an extra session of Congress. So far not a single change has been made in the agricultural bill, though some of the provisions, particularly as to hog cholera serum, lump sum appropriations and expert farm management appropriations, have caused lively discussions.

The house adjourned late last night after a fruitless two hours' wait for a quorum to go ahead with two omnibus private pension bills. When the night session began the house lacked a quorum. When it adjourned without transacting any business whatever, it still lacked twenty, and while the house marked time during the search for absentees, scenes that matched the fiction of the all-night session at the close of a congress were enacted.

**ALL FACETIOUS.**  
Representative Murray of Oklahoma was in the chair until Speaker Clark arrived to straighten out the tangle. Meanwhile Representative Moore of Pennsylvania started the fun by addressing facetious queries to the chair, which passed only for applause which grew to a roar.

Representative Adams of Georgia, good-naturedly rebuked Mr. Moore for speaking of "the illustrious predecessors of the present occupant of the chair." Mr. Adams said he should have said predecessors of the "present illustrious incumbent."

"That will go on record, all right," ruled the chair, amid laughter.

"In view of the gentleman from Georgia, Mr. Adams, appearing here tonight, especially topped up for this evening's occasion," said Representative Moore, "will it be proper to have portraits of distinguished members appear in the Congressional Record tomorrow morning?"

"Even the occupant of the chair, illustrious as he is," said Representative Adams, "would know more of the difference between an evening suit and a Prince Albert."

**HE INSISTS.**  
"I would still like to know," asked Mr. Moore, "if I could have a fashion plate column in the Record tomorrow morning in view of the exigency of the occasion?"

"Adorned with the witticisms of Mr. Moore," suggested Mr. Adams.

"Gentlemen," asked the speaker, "is that real wit?"

"The board roared and the joking went on. Mr. Moore was just finishing a tribute to one of his own speeches when he observed Speaker Clark entering the house chamber and concluded quickly. "The real speaker having arrived, I will now take my seat," he said.

## Branner to Retire; Wilbur to Succeed

STANFORD UNIVERSITY, Jan. 26.—Dr. Ray Lyman Wilbur, dean of the medical college of Stanford University, will be the next president of that institution. This is a prediction credited today to Chancellor David Starr Jordan, who made it to a group of Stanford alumni at Los Angeles last night.

Chancellor Jordan's definite statement comes as a surprise to the hundreds of Stanford students, graduates and faculty, among whom for the last few months discussion has been rife on the possibilities for the executive chair of the university.

Following the precedent set by Dr. Jordan, Juan C. Branner, Stanford's second president, announced on his inauguration two years ago that he would vacate the executive position at the age of 55. This fixed the termination of his term at next fall. Dr. Branner, who is a scologist of international fame, has often expressed a desire to devote his time exclusively to research work.

## PINOLE VICTIM IMPROVING.

FAVORABLE reports have been received from the bedside of Mrs. Gertrude Dalton of Pinole, who sustained severe lacerations of the scalp yesterday in an accident which occurred while she was trying to adjust an electric bell to a washing machine in her home, her hair catching in the flywheel and her scalp being torn. She is now undergoing medical treatment at Merritt Hospital, where Dr. S. H. Buteau has charge of the case.

Secretaries Busy Registering  
in Preparation for Class  
Work Next Monday.

In preparation for the beginning of class work next Monday, registration is keeping the Young Women's Christian Association secretaries busy this week. The gymnasium equipment is to be installed tomorrow and on Friday evening at 7:30 o'clock, also on Saturday morning, physical examinations will be made of applicants for the classes to the big gymnasium.

There are to be classes for children, for women and for men in every kind of exercise, from dumb bells to folk dancing also. Teams will be formed for basketball, volleyball and indoor baseball. Miss Elizabeth Worthen, the new physical director, who will have charge of these activities, is a graduate of the University of California.

An innovation in Association methods is to be a demonstration of sewing, dressmaking and millinery which is to precede the class work. Registration in these departments has been so far the heaviest, application coming from both those with professional interests and the girl who merely wishes to "know how."

This demonstration is to occur three times during Monday and is for the benefit of any interested person who cares to see what the Association is doing along this line. The hours are from 10 to 12 a. m., from 1:30 to 3:30 o'clock in the afternoon and from 7:30 to 9 p. m. in the evening. Millinery instruction is to be given by Miss Marie Adair, from the McDowell school and University of California summer school. The "trades class" designed for those intending to become professional milliners, are to receive certificates at the end of their course.

The general secretary, Miss Marion Hopkins, is expected on February 3 from Richmond, Virginia.

Oakland women are taking a large part in promoting the work to be done by the Young Women's Christian Association at the Panama-Pacific Exposition in San Francisco. ## RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapepsin" Ends All  
Stomach Distress in Five  
Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unerring action in regulating sick, sour, gassy stomachs; its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and causes acid and forms gas; causes headache, dizziness and nausea, eructations of acid and indigestion food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advt.

## Keep the Children Bright and Happy

Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach, the child naturally becomes cross and fretful from the discomfort, and is often punished for temper when medical attention is really what is needed.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, and is especially recommended for children because of its freedom from all opiate or narcotic drugs and its gentle action. It is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 432 Washington St., Monticello, Ill.

## VANDERLIP ON WAY TO NEW YORK AFTER VISIT

SAN FRANCISCO, Jan. 25. — Frank A. Vanderlip, president of the National City Bank of New York city, and former assistant treasurer of the United States, and Mrs. Vanderlip left last night for Seattle after an inspection yesterday of the exposition site. They are en route home after a three months' stay in California, where Vanderlip has been recuperating from illness.

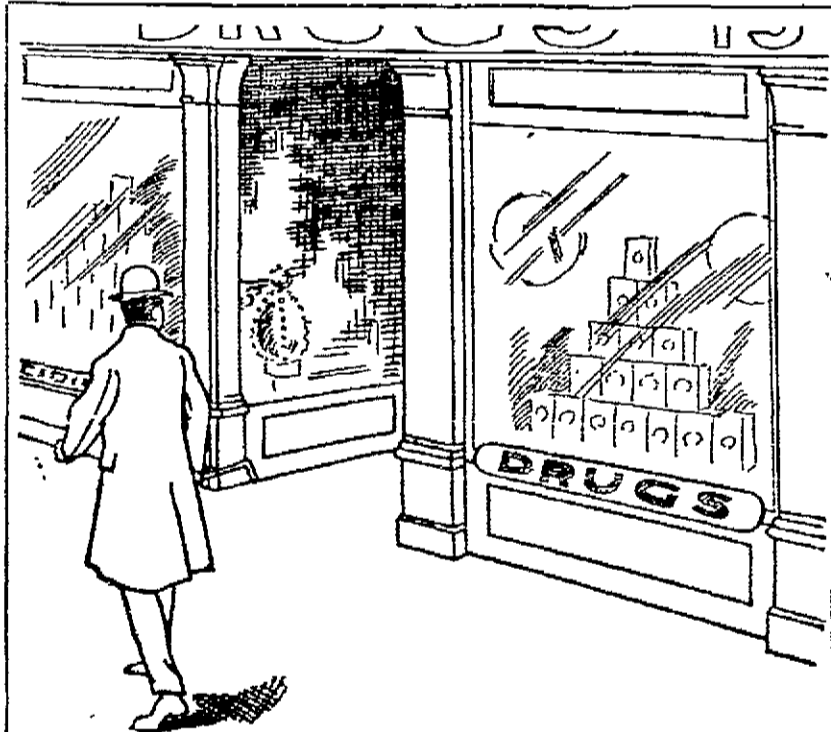

Vanderlip said he was unable to express his appreciation of the exposition, and that in his opinion success could not avoid coming to it in beneficial measure. The banker said his stay in California had entirely restored his health, and he was a thorough convert to its climate.

## JUDGE'S SON CLAIMS BRIDE IN SANTA ROSA

SANTA ROSA, Jan. 26. — The wedding here yesterday morning of Clark C. Van Fleet, son of Judge William C. Van Fleet of the United States District Court for the Northern District of California, and Miss Katherine Miller, only daughter of Mr. and Mrs. T. Boone Miller, came as a complete surprise to their relatives and friends. The engagement was announced recently, but no date had been sent for the wedding until yesterday. The ceremony took place in the Episcopal church of the Incarnation with the rector, the Rev. Ernest Bradley officiating. After a short honeymoon trip the newlyweds will return here to reside.

## EXHIBITS FOR P. P. I. E.

SPRINGFIELD, Ill., Jan. 26. — What is said to be the most complete Lincoln Memorial collection in existence is being prepared here for shipment to San Francisco, where it will be exhibited during the Panama-Pacific Exposition, in the Illinois Building. The exhibit has been collected by Mrs. Jessie Palmer Weber, secretary of the Illinois State Historical Society. The exhibit includes a picture and a manuscript life of Lincoln.

## VESSEL SINKS IN A COLLISION ON ATLANTIC

Great Storm Lashes Coast,  
Playing Havoc With  
Steamers.

NEW YORK, Jan. 26.—The steamship Washington, a freighter carrying no passengers, and the big schooner Elizabeth Palmer were in collision today off the coast of Delaware, near Cape Henlopen. Wireless messages said that the Washington was sunk and the schooner sinking. The crews of both vessels, with the exception of one man, were saved.

The Washington was bound for New York and Philadelphia from Honolulu by way of the Panama canal. She had a crew of thirty-nine. The Elizabeth Palmer sailed from Portland, Maine, January 10th, for Norfolk. She carried a crew of seven.

Captain Nelson of the Old Dominion Liner Hamilton stopped his ship off Fenwick's island lightship to rescue the crews of the two vessels. Officials of the American-Hawaiian line, owners of the Washington, were advised that the Hamilton was bringing all the rescued men to this city.

The Washington is a new ship, built in 1914, for trade between New York, Pacific ports and Honolulu by way of the Panama canal. She is registered at 4045 tons and is 407.5 feet long.

The schooner-yacht Idler, owned by J. P. Jefferson of Warren, Pa., sank off the inner Diamond Shoals yesterday after being driven aground by the gale last night. Captain Herdler and his crew of fourteen men are believed to have perished, according to a wireless message received here tonight.

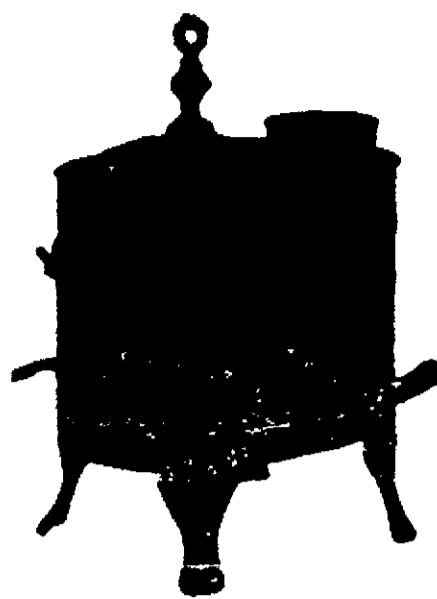

SEAS PREVENT RESCUE.

The vessel was sighted and reported to be breaking up. Life-savers were unable to reach her on account of the heavy wind and high seas. The United States revenue cutter Seminole reached the wreck last night too late to help. All that showed was part of one mast rising from the water.

Jefferson and friends who were to have accompanied him on a cruise through the South Pacific are in Havana, where they have been awaiting the arrival of the yacht. The trip

Green informed Chief White that he had written to the chief of police of Singapore notifying him that Jordan was wanted here.

Jordan was indicted by the grand jury on August 17, 1911, for forgery. The offense is alleged to have been committed June 30, 1910, and the complainant is Mrs. J. E. Luttrell, to whom Jordan is alleged to have disposed of 1000 shares of stock of Placer & Bonnell merchants, the value being \$5000. Mrs. Luttrell charges that the certificate of stock was forged. Jordan was also accused of fraudulent dealings with Chinese and other clients.

## U. S. ACCUSED OF AIDING DESTRUCTION

By Associated Press.

BERLIN, Jan. 25, via London, Jan. 25. — The Vossische Zeitung, in an article under the head "destruction in Flanders by American munitions," contrasts what it asserts is the indignation in America over the destruction wrought by the Germans in Belgium and the delivery of whole shoeloads of shells to England, which are being used to destroy Zeppelins, Emden, and other seaborne resorts.

"When the Germans," says the Vossische Zeitung, "bombard a church used by the French as an observation point or a cover, then the full chorus of America's moral indignation is heard, but when England declares its aim to starve 65,000,000 persons and destroy the commerce by which a great part of these millions must live after the war, America hastens, by selling weapons, to assist in the attainment of this praiseworthy object."

## FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coat the faded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence, and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, not irritating. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. You will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. Ask druggists. The Olive Tablet Company, Columbus, Ohio.

NEW BILLS ON INCREASE

NEW LAW TO SAVE GAME FRAMED

Senator Proposes to Alter the Entire State System of Protection.

By Associated Press. SACRAMENTO, Jan. 26.—Establishment of an institution for the protection of game birds, with a view to its being a game preserve, was the subject of a bill introduced in the Senate today by Senator Johnson. The bill would equal that of the governor—\$10,000 a year—is sought in Assemblyman T. M. Wright's bill, introduced today. Women found guilty of living in houses of prostitution in the city of San Francisco, designated in the bill as the "California Detention Home for Women."

Wright said after his bill had been presented that it was not his intention to fix the maximum salary of such a high figure and that he would ask an amendment when the measure was considered by the committee.

Repeal of horse racing in California is provided in a bill introduced by Assemblyman Marston of San Francisco. The bill asks the appointment of a racing commission of three members to be appointed by the governor. Betting under the pari-mutuel system would be permitted. Five per cent of the state receipts of all state races would be turned over to the state treasury to be credited to the general fund.

By Associated Press. SACRAMENTO, Jan. 26.—A sheaf of fish and game bills embracing radical changes in the laws governing hunters and fishermen were among the most important measures introduced at today's session of the senate. They consisted with the fish and game commission.

The fish and game districts are entirely recast in a bill put in by Senator Flint. It provides for four large districts instead of the present seven and for twenty-seven sub-districts. The bill also provides for the control of fishing regulations.

District No. 1 covers Humboldt, Trinity and all the far northern counties, the eastern half of the Sacramento and San Joaquin valleys, the Sacramento and San Joaquin rivers, and Kern county. No. 2 includes the counties north of San Francisco bay to Humboldt and the west side of the Sacramento valley; No. 3, the southern coast counties to Santa Barbara and the west side of the San Joaquin and No. 4, extreme Southern California.

In district No. 1 the deer season is fixed for two months, from August 15 to October 15. In the other three districts it is reduced to one month and a half, from August 1 to September 15.

Other fish and game bills prohibit the killing of spike buck deer, place a limit of 25 a day on wild geese and provide a closed season and lower the limit on quail to 15 a day.

Under a suspension of the rules the senate passed three urgency bills to vote appropriations for which there is immediate necessity. Two of the bills passed provide \$3400 to pay additional salaries and \$3000 for support of the Los Angeles state normal school for the sixty-sixth fiscal year.

WOULD ACCREDIT S. F. SCHOOL. By Associated Press. SACRAMENTO, Jan. 26.—Graduates of the San Francisco law school are allowed admission to the practice of law without examination along with other law schools already so accredited under the terms of a bill put in today by Senator Wolfe.

State Taxation Bill Waits for Signature of Governor Johnson

By Associated Press. SACRAMENTO, Jan. 26.—Governor Johnson's signature to all that is now required to make effective the administration revenue and taxation measure. The bill passed the Assembly yesterday by a vote of 79 to 1, the dissenting vote being cast by Assemblyman Hawson of Fresno. The measure has been passed by the Senate.

As an emergency measure it was given precedence over all other bills before the legislature and was the joint product of the Senate and Assembly revenue and taxation committees. The rate determined upon by the committees are those which certain corporations will pay upon their gross receipts for the support of the state.

With a single exception, all the members of the lower house who spoke on the bill declared they would vote for its passage. Chief criticism centered upon the method adopted by the state's tax experts in determining how and where the tax increases should be applied. The speakers maintained their belief that the same problem of taxation would confront the state at the convening of the legislature two years hence.

Assemblyman Hawson said he agreed with his fellow members that the bill was imperfect, but that he would go a step further and vote against it.

Assemblyman Meek, chairman of the house revenue and taxation committee, said that the measure was not intended as a permanent solution of the tax problem, but he believed a way would be found soon to establish an entirely new system.

Assemblyman Schmitt said he saw no reason why corporations should bear the bulk of the taxation burden, adding that an equal valuation tax should be applied to more equitably distribute the expense of supporting the state.

Two minor amendments were offered, but were voted down.

PROMINENT DEMOCRAT SUMMONED BY DEATH

SACRAMENTO, Jan. 26.—George Washington Nichols, 69 years old, and for more than forty years a resident of Sacramento, died at the County Hospital yesterday. He had been at the hospital seven years and had been suffering from paralysis.

Nichols, who was a brother-in-law of William F. Jackson, curator at the Crocker Art Gallery, was an old-time Democratic politician. He was a conspicuous figure at all the Democratic conventions held in Sacramento for many years.

Because of his fondness and ability of talking democracy he earned the nickname of "Windy" Nichols, and was widely known by that sobriquet.

Nichols was a painter, employed in the Southern Pacific shops for many years.

BILL TO LABEL ORANGES.

By Associated Press. SACRAMENTO, Jan. 26.—Two bills regarding the sale and shipment of fruit were introduced in the House today by Assemblyman Hayes of Riverside. One bill prescribes that shippers of oranges damaged by frost shall label all boxes or packages with letters one inch high "damaged by frost." Violation would mean a fine of \$1 a box on all oranges not properly marked.

The other measure makes it unlawful to ship or sell immature oranges unless the containers are labeled with the words "immaturity below standard." A misdemeanor penalty is provided for violation.

FOR FREEDOM OF PRESS.

SACRAMENTO, Jan. 26.—There will be no more legal restrictions upon cartoonists who caricature public men, if a bill introduced by Senator King to repeal an anti-cartoon statute is successful. King also put in a bill repealing the law that under a suspension of the rules the senate passed three urgency bills to vote appropriations for which there is immediate necessity. Two of the bills passed provide \$3400 to pay additional salaries and \$3000 for support of the Los Angeles state normal school for the sixty-sixth fiscal year.

MARKET SYSTEM URGED.

By Associated Press. SACRAMENTO, Jan. 26.—An appeal to Congress for the establishment of a national marketing commission to provide a scientific system for the marketing of farm products was approved by the Senate today in unanimous adoption of a resolution by Senator Cohn, urging Congress to adopt the Godwin resolution pending.

ELECTION LAW TO CHANGE ENTIRELY

Administration Measure Proposed Alters Every Phase of Act.

By Associated Press. SACRAMENTO, Jan. 26.—Speaker C. C. Young's bill to amend the direct primary law to provide for non-partisan election of state officers, introduced in the Assembly yesterday along with 97 other measures and three proposed constitutional amendments, changes practically the entire form of the direct primary law. The most important amendments include:

Registration of party affiliation prior to primary elections is discarded for declaration of party affiliation at the polls during the primary elections.

One ballot only will be voted at future primaries instead of six as was the case at the last primary election, when there were six ballots.

Candidates for congressional offices will be placed on the single ballot under their various party headings, but the election officer will be instructed to cancel all lists of party candidates on the ballot given to the voter except that of the party with which the elector has declared himself affiliated.

Party conventions will no longer consist of party nominees for office since these are to be confined strictly to congressional offices. The new method contemplates the election of one party committee member from each assembly district or districts of the assembly. The committee members are to be made ex-officio members of the convention and the platform to be adopted will be confined to national issues.

CEMENT BILL FAVORED. Assemblyman McDonald's cement control bill has been reported out of the labor and capital committee with a recommendation that it pass. The same measure, introduced in the upper house of the legislature by Senator Finn, won similar favor last week in the Senate committee.

T. S. Montgomery, representing the Pacific Portland Cement Company, presented more than a dozen witnesses at the final hearing to contest the claims of overworked and overpaid laborers. The witnesses are employees of the cement company, and those who testified that the company had not suffered financially in handling cement.

The vote to report the bill favorably was 10 to 9. The bill, introduced by Theodore Johnson, representing the State Federation of Labor, presented arguments in favor of the bill.

The bill provides for an amendment to the constitution introduced by Assemblyman Finn, speaker-pro tem of the House, a committee would be created to sit in the House to consider cases affecting the judiciary, from justices of the state supreme court down to township justices of the peace.

NEW BILLS APPROPRIATE.

Among other bills were the following: By Gabhart—Appropriating \$500,000 for the improvement of the Sacramento, San Joaquin and San Luis rivers, as recommended by the California Debris Commission. The appropriation is made contingent upon the federal government assuming control of the work and expending a like sum.

By Loettner—Establishment of a game district in southern California, known as the "Angeles national forest game refuge."

By Godell—Giving the employees the right to sue the employer for loss from work for the purpose of voting, without deduction of wages.

By Willis—Creating an additional superior court judge for Imperial county.

By Harris—Authorizing the creation of the offices of public defenders.

By Lyon—Forbidding employers from asking or receiving fees in consideration of employment.

By Avey—Appropriating \$200,000 for the construction of a state highway in Imperial county.

By Kramer (by request)—Establishment of a state farm to provide work for unemployed persons.

By Lyon—Forbidding small debtors courts in counties of the first, second and third classes.

By Conrad—Appropriating \$25,750 to reimburse the state for the construction of a state building at San Diego.

By Conrad—Appropriating \$5000 for the maintenance of the state building at the Panama-California Exposition.

OAKLAND MAY NOW TAKE TONATION

The Transcontinental Phone Puts All Subscribers on Same Switchboard.

Through a wonderful triumph of inventive genius, Oakland is now in direct telephone connection with the entire United States of America. A young society maid may hereafter order a gown with a special formula for a brilliant occasion direct from the most fashionable establishment of New York fashioning to the salesmanager there and explaining just how far the suit must come, just where there shall be a plait and just how low cut shall be the neck.

HOW ITS DONE. Take your telephone from its hook and ask for long distance. You may begin by saying for instance: This is Mayor Mott. I desire to talk to Mayor Mitchell of New York. You may wait only ten minutes, you may wait several hours. It depends on how busy the line is.

When you are notified that Mayor Mitchell is there, you will not have to say, this is Mayor Mott. That has been done by the telephone company. Mayor Mitchell has been informed that Mayor Mott wants to talk to him and that much you don't have to say.

You can begin your conversation at once. You can say: "Mayor Mitchell, Oakland invites you to visit her beautiful city and make your stay here when you come to see the Panama-Pacific Exposition." Then you can wait for the New York Mayor's reply and have it.

ACHIEVEMENT OF 1915. Not only is the new telephone the most wonderful achievement yet announced for 1915 but this one wire stretching from San Francisco to New York will tell the other lines of the telephone system. It forms a trunk which will permit every subscriber in America to be connected with every other subscriber. The method is simple. Should Los Angeles desire to talk to Florida the connection

Capital Notes

SACRAMENTO, Jan. 26.—A proposed amendment by Assemblyman Hayes would give the state and municipalities the right to engage in industrial pursuits.

Assemblyman Prendergast introduced an amendment to the constitution which would prohibit the state from borrowing money from any source other than the state treasury.

Records of divorce complaints would be open to public inspection under the provisions of a bill by Gebhart.

Qualified electors who fail to take advantage of their right of suffrage would be taxed \$2 by the terms of a bill introduced by Chamberlain.

Assemblyman Benton would discourage the practice of dice shaking among women and minors by making it a misdemeanor for owners of saloons to permit dice to be used for such purposes.

Attorney-General U. S. Webb's biennial report to Governor Johnson shows that few of the death penalty for murder cases that reach the appellate court or the supreme court are reversed.

The grand jury of any county may call in an expert from the state board of control to examine the books of the county treasurer, if a bill introduced by Senator H. S. Benedict of Los Angeles becomes a law.

Pilotage fees in San Francisco are to be reduced one-third and in some cases even more, if a bill introduced by Senator H. S. Benedict becomes a law.

Within the next few days another bill doing away with the death penalty in San Francisco will be introduced in the Legislature, probably by Senator Finn of San Francisco. The plan is understood to be to abolish the death penalty in the county of San Francisco.

By the way, the bill would not abolish the death penalty in the county of San Francisco, but would abolish it in the county of San Francisco.

LEGISLATION IN OTHER STATES

By Associated Press. TOPEKA, Kan., Jan. 26.—Governor Arthur Capper of Kansas will call a convention of the governors of all the states and ten delegates from each state to discuss the question of a public official elected by the people shall or shall not be recalled.

The present provision that voters shall in same ballot vote for a successor to the official whose recall is sought, is eliminated, in Chandler's amendment. If the recall is successful the position becomes vacant and all is filled by due process of law as any other vacancy under this change. In most cases the place would be filled by appointment of the governor.

WOULD RELIEVE INDIGENTS.

SACRAMENTO, Jan. 26.—Poor persons who through physical infirmities of mental ailments are unable to earn their own livelihood would be spared the embarrassment of applying to county supervisors for aid by the provisions of a bill introduced in the Assembly today by Henry W. Brown of San Mateo, who seeks to compel relatives to assume the responsibility of support. Refusal to pay for the support of their relations would empower the county supervisors to institute legal proceedings to compel the payment by the person sued of \$10 a week to the county poor fund.

PURPOSES NEW JURY PLAN.

SACRAMENTO, Jan. 26.—It would not be necessary for a married citizen of legal age to be on the county assessment rolls in order to qualify for jury service under the provisions of a bill introduced today by Assemblyman Gebhart. The fact that the wife owns property and is a taxpayer would automatically make the husband eligible to service as a juror.

Lime and Tuberculosis

Dr. Roberts Bartholow, former professor in Jefferson Medical College, Philadelphia, and widely famed as a medical writer, says in the eighth edition of his authoritative Materia Medica (1899), on pages 215 and 216:

"Clinical experience has shown that (referring to a calcium salt) possesses the ill-defined property known as alterative, removes certain toxic or morbid materials and secures their secretion by the organs of elimination." "The testimony which has lately been published in respect to its curative power in consumption is certainly very striking."

Of course he does not refer to testimony published regarding results obtained through the use of Eckman's Alternative, since the medical profession makes it a rule never publicly to recommend proprietary remedies. However, there is a large accumulation of such testimony, covering many cases of consumption and allied throat and bronchial affections, which seem to have yielded completely to this remedy.

Doubtless this success is due largely to the fact that in Eckman's Alternative a calcium (lime) salt is so combined with other valuable ingredients as to be easily assimilated by the average person. It contains neither opiates, narcotics, nor habit-forming drugs; it is safe, pure, and its use will get it, or you can order direct, Eckman's Alternative, Philadelphia. Sold by The Orel Drug Co.—Adv.

NEW STATE IS WANTED.

OLYMPIA, Wash., Jan. 26.—Senator Hutchinson of Spokane introduced a memorial in the Senate today asking Congress that the eastern Washington counties be joined with the Panhandle district of Idaho to form the new state of Lincoln. The memorial was reported out unanimously by the committee on memorials in favor of passage.

"Hubby Dear"

"I was down on Clay street today and saw a Hubby Dear. The very latest thing in Electric Toasters, so I brought one home to try. It is the new El Tosto with new flat sturdy heating element that will never burn out."

"It cost me only \$3.50 and is made by the Hotpoint Company. I made toast for Ethel and Marie when they called this afternoon, and both declared they never tasted it made so deliciously before."

"It toasts two pieces at a time and does it fast enough to supply a large family."

"Well, Mary, I am really glad you did get an electric toaster at last. Toast made over the gas and brought in from the kitchen almost cold is so unsatisfactory. I do love crisp, hot toast with plenty of butter and like to butter it myself."

"Tomorrow, Hubby, you shall have real hot toast for breakfast."

## MINISTER'S SON GRILLED BY BOARD

Question by Officials Over the Action in Regard to Dance Permit.

SAN FRANCISCO, Jan. 26.—How T. N. Calfee, a minister's son from Richmond, plunged to the bottom of the case life south of Market street in an attempt to find the "strings" wherewith privileges are pulled from reluctant Police Boards and thus assist his good friend, George's cousin Paul Populus, to obtain a permit for dancing in the latter's saloon and restaurant at 711 Polson street, was developed last night before the Police Commission.

Paul Populus was called by President Roche to explain an "incident concerning a dinner" and testified that two months ago he had sought the permission of the board to have dancing in his place. He said he engaged T. N. Calfee to accomplish this for him, and that subsequently

## What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertising flesh-makers, food-pills, physical culture stunts and rub-on creams, resign themselves to life-long slenderness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Osgood Bros. Drug Stores and other leading druggists carry Sargol, and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.—Advt.

## RELIEF STEAMER TOWED INTO PORT

Camino, With Belgian Supplies Is Now in Halifax Harbor.

By Associated Press. HALIFAX, N. S., Jan. 26.—The helpless steamer Camino, bound from San Francisco with supplies for the destitute Belgians, was towed into this harbor by the American revenue cutter Andromeda, with the aid of the Canadian government steamer Lady Laurier and the merchant steamer Kanawha.

The Camino, disabled, was picked up off Sable Island, and the trip of 250 miles to Halifax was made against violent gales.

It is expected that several weeks will be required to make repairs to the Camino. Another steamer probably will be furnished to carry her cargo to Europe.

**RELIEF STEAMER SAILS.** By Associated Press. PORTLAND, Ore., Jan. 26.—Loaded with 3500 tons of food and clothing, the Belgian relief steamer Cranley sailed from Portland today. She will complete her cargo at Astoria and San Francisco, her destination being Rotterdam. The value of the cargo loaded here amounts to \$42,219.26.

When the Cranley puts to sea she will display large banners bearing the words "Belgian Relief Ship." The Cranley was the first steamer bearing the scars of a naval attack to put into Pacific coast port since the European war began, having come under the guns of the German cruiser Emden's guns when that warship made a daring raid in the Malay peninsula, and sunk a Russian liner and a French torpedo-boat on October 25.

**WILL AWARD PRIZES AT CHARITY BRIDGE PARTY.** The charity bridge party at Covenant Hall tomorrow afternoon will be a large and interesting affair, sponsored by a number of prominent women. Mrs. S. H. Kahn, assisted by Mrs. George Lavenson and twenty other hostesses, will receive the guests and preside at the different tables. After the bridge games tea will be served and those gaining the highest scores will be awarded prizes. The hall at Twenty-eighth and Broadway will be thrown open early in the afternoon and the games will begin at 2 o'clock.

## SCARES BURGLAR AWAY.

SAN FRANCISCO, Jan. 26.—L. K. Smith, who lives in the Matthea Apartments, 635 Bush street, entered his apartment early this morning to find a burglar in the hallway. At sight of him the man jumped out of an open window. A small quantity of jewelry was taken. Burglary entered the saloon of Grusti & Maggiora, Grant avenue and Union street, and stole liquors, money and a revolver valued at \$54.

## SONS OF ST. GEORGE TO DEDICATE NEW BUILDING

Aldon lodge, Sons of St. George, will dedicate their new building, Twenty-fifth and Grove street, this evening, when the members of that fraternity and their friends will inspect the new structure. A dance will follow an informal program which has been arranged for the inaugural affair. A. J. Willson, one of the directors of the hall association, will preside.

The edifice was erected under the direction of the St. George Hall Association. The structure is built of brick with a steel frame. The exterior is finished in cement. It is three stories high, with lofty stores, 15 feet high; banquet hall, 12x25, with vestibule entrance on Twenty-fifth street; finished in organ balcony, one end. The small lodgeroom is 35x35 feet and 20 feet high. Ante-rooms and retiring rooms are adjacent to both halls. There are attractive polished maple floors in the lodgerooms and the banquet hall.

The board of directors of the hall association is composed of George F. J. Grant, president; E. J. Joete, vice-president; James Carter, secretary; Fred Phillips, treasurer; F. Wheeler, A. J. Willson and Charles E. Grant.

## AUTOMOBILE THIEVES STILL BUSY IN CITY

Extra J. Hall, 1628 Bush street, reported the theft of his automobile to the police last night, but the machine was later recovered by Patrolman Dunn, who found it abandoned at Sixteenth and Market streets.

Mrs. W. J. Healy, 1255 Versailles avenue, Alameda, reported the theft of her automobile, valued at \$500. The machine has not been recovered.

Burglars broke into the Lighthouse store, 535 Broadway, by using skeleton keys and stole \$9 from the cash register.

W. D. McDonald, 1550 Webster street, reported that his home was entered and ransacked but nothing of value was stolen.

Lee Sykes of the St. Paul hotel, reported the theft of a gold watch taken by pickpockets while he was on a crowded street car.

Colonel M. M. O'Brien, 2225 Fifty-fifth avenue, reported that his home was entered and several drinks of whiskey taken from a decanter.

## SUPPLYING SOLDIERS AT FRONT WITH BIBLES

By Associated Press. WASHINGTON, Jan. 26.—Rapid progress is being made in a movement to supply all soldiers at the battle front in Europe with Bibles, according to a statement made here today by George Fox, secretary of the American Bible Association, which is carrying on the work in co-operation with the World Sunday School Association. Mr. Fox said that Sunday school children throughout the country are assisting in the movement and that already arrangements have been completed for forwarding many Bibles. The supply of such nation are to be supplied with Testaments in their native language, he stated.

## GIRL'S SHRIEKS CAUSE BOLD BANDITS TO FLEE

SAN FRANCISCO, Jan. 26.—Posting as customers, two bold bandits entered the bakery of Otto Simek, 2187 Twenty-first street, at 6 o'clock this morning, beat down the proprietor and his wife, and doubtless have robbed the cash register but for the chance appearance of a young woman.

Simek was behind the counter when the men appeared. They ordered 10 cents worth of doughnuts and as the proprietor turned to wait on them one

drew a pistol. "Throw up your hands, and make no noise and give us the key to the cash register," cried the man with the gun.

"I haven't them, they are in the back," replied Simek.

The proprietor was ordered to get them and just as he reached the door with his hands still extended over his head he was struck from behind and knocked down. The robbers had just taken the keys from his pocket when a young woman, a shawl thrown over her head, and evidently bent on making a purchase for breakfast, came in. She saw Simek writhing on the floor and screaming and

crying at the top of her voice in hysterical tones she rushed out into the semi-darkness. Her loud calls for help could plainly be heard a block away and the robbers took flight and fled.

## IN NEW QUARTERS.

The East Bay Republican Club has formally taken over its new headquarters, 1504 Pacific street, Oakland, an informal evening of dancing and a supper, at which Frank Tucker acted as toastmaster, being the features of the opening ceremonies. The new club will hold frequent meetings and social affairs.

## Back of Your Bell Telephone

THE switchboard operator, who answers your call and connects you with another subscriber, the chief operator who supervises the work of the operators, the lineman who keeps your line in order, the directory distributor who leaves you your telephone directory, are but a few of the many kinds of Bell telephone workers co-operating to make your Bell telephone a most efficient instrument for universal service.

In the Bell telephone system 150,000 people, working with the best telephone equipment, are constantly employed in operating and maintaining the equipment and in the general conduct of the business.

general of the islands and, as secretary of war, had further opportunity of learning what is the matter with the Philippines. And no one knows the island inhabitants better than I do, in any sense that would justify a demand for independence, or that independence would be a blessing to the people of the tropic territory, instead, it would prove a curse, as the president points out, and there would be no other Mexico on the map as soon as our troops were withdrawn out of the Archipelago. There is no arguing that this country needs a Far Eastern colony, but one was wished of us by the uncertain fortunes of war, after which the only thing to do is to harden it to the best of our knowledge and belief until there is a chance to let it go gracefully, and there is no such chance in sight at present.—*Atchison Globe.*

## ATTEMPTS ESCAPE FROM JAIL; FAILS

Tries to Brain Officers With a Piece of Iron Torn From Bunk.

Martinez, Jan. 25.—Twisting a section of iron from the bunk which he occupied in the county jail at Martinez, W. D. Smith, a convicted horse thief, attempted to brain officers in the corridor adjacent to his cell yesterday. He was overpowered and placed in solitary confinement pending his transportation to San Quentin. Smith faces a term of eight years. He had concealed his weapon in a water bucket and his success in a bid to escape was frustrated only through the timely warning of a trusty to jailer Mike Joslin.

Ukiah, Jan. 25.—Frank Peoples was cleared on the charge of killing Albert Goetz, a patient, and seriously injuring Walter Dwyer, property clerk, attendants at Mendocino State Hospital on November 23, 1913, when Judge White instructed the jury yesterday afternoon to bring in a verdict of not guilty.

Stockton, Jan. 25.—Dominic Pachena, alias Dismissio Misoni, wanted in Portland Ore., on a charge of robbing the Lema Palamara in that city on November 7, 1914, was arrested here yesterday afternoon. The man is alleged to have confessed to Chief of Police Briere.

Grass Valley, Jan. 25.—Rev. J. E. Tedford, pastor of the Congregational Church in this Sunday evening sermon declared his belief in the theory of literal hell, with brimstone, a burning lake and all the accessories mentioned in the Bible. He asserted that the preaching of this doctrine was again coming into use, and predicted that it would soon be heard in every church of the land.

Stockton, Jan. 25.—The estate of the late Frank A. West, principal owner of West's winery and vineyard, worth approximately \$1,000,000, according to a petition to probate the will, which has been filed by the widow, Mrs. Elmer T. West, E. L. Wilhoit and Charles M. Jackson.

Visalia, Jan. 25.—Charles Newman, a rancher living a short distance east of Visalia, and James Duke of this city were arrested yesterday on a charge of murdering a Chinese vegetable peddler 22 years ago. The victim was known as Ah Pete. He was found murdered on the road July 22, 1912.

Sacramento, Jan. 25.—The meat of two peddled cats, properly cooked in a mul-tan of quail and cottonball rabbit, gives a most tempting and delicious flavor. This latest epicurean novelty was tasted and voted unobtainable at the "Star" Flat home of Secretary of State Frank Jordan in Auburn last Saturday night by a coterie of legislators. The soldiers had been entertained during the day by a garden of hunt. Just who killed Secretary Jordan's two pet Persian rabbits and passed their carcasses to the cooks of the evening, as cottonball rabbits has not yet been discovered.

San Rafael, Jan. 25.—The tea and coffee store of E. Q. Smith, on Fourth street, burned to the ground at 2 o'clock yesterday morning. The loss is \$2500. The origin of the fire is unknown.

Santa Rosa, Jan. 25.—The engagement of Miss Elsie Hortense Clara Devola, daughter of Mr. and Mrs. David Devola, and Joseph O. Peterson, son of Mr. and Mrs. J. C. Peterson, both prominent young people of this city, has been announced.

Fresno, Jan. 25.—Fifteen hundred acres will be planted to rice in the San Joaquin valley this year. Planting will start June 1 in Fresno, Tulare and Kern counties. It is estimated that the crop will bring about \$100,000.

Sacramento, Jan. 25.—California grew richer by \$115,503,533 during the year 1914 according to the report of the State Board of Equalization for the year 1914, filed yesterday. The total assessed value of all property in the State for 1914 was \$2,222,616,152, as against \$2,111,138,610 for 1913, an increase of 4 per cent. This represents the value of operative and non-operative property. During 1914 the mileage of railroads in the State, including inter-county electric and steam roads, increased from 105,522 to 121,113 miles.

BURGLAR ROBS BENEFACTRESS. SAN FRANCISCO, Jan. 25.—Mrs. Anna Johnson, who conducts the Edgewood apartments, 2211 Mission street, played the part of the good Samaritan to a beggar who returned her kindness by robbing her. The man told Mrs. Johnson that he had just been released from the city and county hospital and had had no breakfast. She gave him some money and gave him permission to peddle some shoe laces in the building. Bussing herself with her work she returned to find that her purse containing \$8 had been stolen and the man was nowhere to be seen.

HOW TO CURE A LA GRIPPE COUGH. "Coughs that hang on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking la-grippe coughs that wrench the body and cause soreness and pains in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years' record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can find nothing that will compare with this reliable remedy. Sold everywhere.

## Society

One of the interesting luncheons of the season will be a large affair given by the Oakland Chapter, Daughters of the Revolution, in the Elks room, at 10 o'clock on February 2. The guests of honor will be Mrs. F. G. Sanborn, president of the Woman's Board of the Exposition, and Mrs. John P. Smith, vice-president general from California of the D. A. R. About 75 guests will be entertained and among them will be officers of the chapter who include Mrs. J. F. Waterhouse, president; Mrs. S. J. Bond, vice-president; Mrs. F. W. Kennison, treasurer; Mrs. W. A. Ruge, secretary; and Miss Fumetta Davis, corresponding secretary. Miss Lily Cole is chairman of the day.

**MISS WOODWORTH A HOSTESS.**  
Miss Dorothy Woodworth was hostess at a pretty luncheon this afternoon at the Selim Woodworth home in Channing way, which is one of the most attractive of the beautiful homes in Berkeley, and the scene of much delightful hospitality. The affair today was in honor of Miss Arabella Scherwin of Burlingame, who is one of the season's belles across the bay. The table was decorated with primroses and valley lilies and the guests included Miss Scherwin, Miss Genevieve Dorn, Miss Emma Tubbs, Miss Marjorie Moon, Miss Julia Van Fleet, Miss Florence and Miss Cora Williams, Miss Isabel McCrackin and Miss Louise McNear.

**TEA AT THE OAKLAND.**  
Miss Alfreda Wright will be hostess at a tea at the Oakland on Tuesday afternoon, February 2, when she will entertain forty of the younger set in honor of Miss Madeline Chambers, at whose wedding to Eric Barker she will be one of the bridesmaids. With Miss Philena Wetmore and Miss Carmen Ghirardelli. The party will occupy a table in the lounge, which will be very gay that day with Mrs. Will De Fremery's bridge tea as well.

**FOR MISS HAINES.**  
Mrs. Harry Chickering and Mrs. Charles Keeney were hostesses today at a luncheon in honor of Miss Miriam Haines, the daughter of Dr. J. H. Haines, who formerly made his home at the Haines residence. This luncheon took place at the home of Mrs. Haines and was attended by a number of the younger girls invited to meet the bride-elect.

**MISS O'SULLIVAN ILL.**  
Miss Nellie O'Sullivan has been seriously ill at Fabiola hospital, where she was recently operated on for appendicitis. She is now on the road to recovery and will convalesce at the home of her sister, Mrs. Oscar Sutor in Piedmont.

**VISITED SAN DIEGO.**  
Mr. and Mrs. Walter Ratcliffe (Muriel Williams) have returned from a delightful visit to San Diego and Coronado, where they were entertained by Mr. and Mrs. N. C. Williams among others, and enjoyed the sights of the exposition. Mrs. Ratcliffe is one of the attractive daughters of the Harry Alston Williams household.

**TEA THIS AFTERNOON.**  
Members of the Pi Beta Phi sorority alumnae gathered at tea at the Oakland this afternoon, and among those who were entertained at the prettily decorated tables in the lounge, Miss Adele Woodworth of San Francisco, president of the alumnae, and Miss Helen Goodall, present were Mrs. Vance McElmonds, Mrs. David Babcock, Mrs. C. B. Cobb, Mrs. William Kender, Mrs. Darnell, Miss Ethel Robinson, Miss Elizabeth Coats, Miss Lucy Brennan and others.

**TO GIVE DINNER.**  
Miss Helen Davenport will be hostess at an informal luncheon tomorrow, entertaining a group of her friends at the Oakland.

**ARRIVES FROM WASHINGTON.**  
Captain Walter Henry arrived yesterday from Washington to join Mrs. Henry who is the guest at the home of Mr. and Mrs. J. H. Wood in Newport. They will sail on the transport on February 5 for the Orient and will be stationed in China for the next year. Captain Henry and Mrs. Wood will give a farewell dinner for their guests before they depart for the Far East.

**MRS. CLOUGH RECOVERING.**  
Mrs. Irving Clough is recovering from an operation for appendicitis at the home of her parents, Mr. and Mrs. F. A. Clough, where she has spent the greater part of the winter. Mrs. Clough was Miss Lorraine Jordan, and is one of the popular young matrons of Oakland society.

**MISS BECK A HOSTESS.**  
Miss Edith Beck was hostess to one of the prettiest parties given at her home in the Lakeside district.

**TO GIVE DINNER.**  
Mrs. C. E. Curry will preside at a large dinner at the Oakland this evening. Several Berkeley friends with others from Oakland will be entertained and covers will be laid for 16.

**SILVER WEDDING.**  
Mr. and Mrs. W. Smith will celebrate their silver wedding anniversary at their home, 425 Bellevue avenue on the afternoon of February 7, when they will give an informal reception from 2 to 5.

**BORN IN NEWPORT.**  
Society in California is interested in news of the birth of a daughter to Mr. and Mrs. Harry Chickering in Newport. Mrs. Chickering is the former Miss Esther Moreland of Pittsburg, who was a great belle in San Francisco a few winters ago when the Morelands were with Mr. and Mrs. Chickering.

**HAIR AND THE MARRIAGE MARKET**

Too many men have been unpleasantly surprised to find that their wife's hair which they had so greatly admired was only a switch or transformation. We now know that poor hair is a confession of either laziness or lack of knowledge and that fair scalp health and hair beauty. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo. Getting a package of cantharop from your druggist, dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much better than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advt.

## BALL TO BE VERSAILLES

Walter Hush as Bourbon King Will Rule Court

Now that Walter Hush is to be king of the Mardi Gras, Oakland society is doubly interested in the Shrove Tuesday ball at the Palace.

Walter Hush is dashing and debonair, dancer, golfer, and drives a motor like the wind, and is generally a favorite. Every one is delighted that he is to be "Louis XVI" to Anna Peters' "Marie Antoinette."

It will be a merry, brilliant court with all the youth and lightness of Versailles before the Terror, and happily its gay and elegant frivolities will never know the heavy crushing of a revolution. They will vanish and be lost in comfort and high laughter. If only Versailles might have vanished that way.

Anna Peters has the radiant grace that was Marie Antoinette's, and Walter Hush will be gallant king among his courtiers. The king is not in the least doubtful of his costume, but the courtiers are awfully uncertain. Powdered wigs and lace jabots are well enough, but satin knee breeches are a trial. However, they will gain confidence, and Fred McNear, Philip Clay, Ned Greenway, Thornwell Mullally, Percy King, Templeton Crocker and the others will be credits to their king. No doubt Greenway has been Prince Carnival in other years, and no costume really daunts him. Thornwell Mullally was a perfectly assured Napoleon three years ago, and Templeton Crocker has been a sultan and a shah for practice.

One of the lovely ladies-in-waiting will be Ernestine McNear, and others will be the fairest of the girls set. Among them the king and queen of the gayest court in Europe in its time, or any time, no doubt, were surrounded always by youth and beauty.

## CHARITY LAW IS BROKEN AS TEST

Salvation Army of Los Angeles May Take Fight to U. S. Courts.

By Associated Press.

LOS ANGELES, Jan. 26.—Major William J. Dart of the Salvation Army yesterday deliberately violated the charity ordinance and planned further to violate it today, in order to furnish a basis for a speedy solution of the situation here, which now makes much of the Salvation Army philanthropic machinery inoperative. A letter soliciting contributions was written to the city prosecutor's office in violation of the ordinance. One of the nine industrial stores now closed through action of the municipal charities commission was opened today and a pair of cast-off trousers sold to Acting City Prosecutor Morton by Major Dart. Major Dart will be arrested, it is planned, and counsel for the Salvation Army will go to San Francisco seeking his release by the State Supreme Court on a writ of habeas corpus.

Upon the decision of the court, counsel says, will hang the validity of the municipal charities commission's acts and existence.

**PERMIT REFUSED.**  
Last October the Salvation Army was refused a permit to solicit supplies for the industrial stores and to solicit funds. The commission contended that the Salvation Army sent out of the city and a certain percentage of the funds received, contrary to the requirements of the commission. The Salvation Army maintained that the money sent for the maintenance of the national body was taken from funds contributed expressly for that purpose.

The Salvation Army announced that it would comply with the commission's requirements so far as possible, and incorporated as a California corporation, with local members of the organization on the board. The commission demanded that the board be composed of persons approved by it. This has not been done.

The Salvation Army has been curtailed for four months as a result of the deadlock between it and the commission. The determination to carry the case to the United States Supreme Court, if necessary, announced Friday by counsel for the Salvation Army, is due to the widespread condition, and the possibility that conditions similar to those here may arise elsewhere.

**SHIP LINE FOUNDER DEAD.**  
SOUTHPORT, Eng., Jan. 26.—Alexander Elder, founder of the Elder Dempster Steamship Line, died here yesterday.

**MRS. HEARST JOINS COUNCIL ON SUFFRAGE**

WASHINGTON, Jan. 25.—Mrs. Phoebe A. Hearst has become a member of the advisory council of the Congressional Suffrage Union.

Among other noted women who are on the advisory council are Mrs. Thomas A. Walsh, Mrs. O. H. Belmont of New York, the Duchess of Marlborough and Mrs. Edward Breitung of New York.

### Answers to Queries

**M. B. C.:** Olive oil taken every morning half an hour before breakfast is good for removing liver spots and otherwise clearing the complexion. Take a teaspoonful of the best olive oil before breakfast and the same quantity half an hour after the latest meal. You must, however, persist in this treatment to get the desired results. The unsweetened juice of a lemon in a glass of water every morning before breakfast is also beneficial for this purpose. Drink plenty of cool, not iced, water every evening. Proper facial massage daily with a good skin food will help to eradicate wrinkles. I shall send you the formula for skin food with complete instructions for facial massage if you will send me a stamped, addressed envelope.

**A. K.:** After cleansing the pores thoroughly each night the next step is to close them so that they cannot fill up again. In order to keep the face free from blackheads one must keep the pores free from dirt. For this is what a blackhead really is, a clogged pore. Cold water is good for closing the pores, but if you will send me a stamped, addressed envelope I shall send you my treatment for removing blackheads and astringent lotion for closing the pores of the skin. I would advise you to keep up the exercises and each night rub coconut oil or a good skin food into the hollows in your neck.

**P. J.:** For inflamed or granulated lids the following wash is good: Eight ounces distilled water and one ounce of a 20 per cent solution of boric acid and ten drops spirit of camphor. Mix and use in an eye cup every morning. If the camphor smarters your eyes dilute it with a little clear water. Be careful not to touch the eyes with your soiled hands. In rubbing the eye, always rub toward the nose. In going back and forth on the train or car give your eyes rest. Reading on moving cars is unsteady and strains the eyes.

**MRS. S.:** The falling of the arch of the foot is caused usually by shoes which are not shaped for the wearer. The arch is pressed down by the shoes giving way or weakening, causing not only intense pain but sometimes headaches and backaches. I would advise you to get a pair of arch supporters.

**BARRED AS EXECUTRIX OF ZIMMERMAN WILL**

CINCINNATI, Jan. 25.—The Duchess of Manchester learned today from Judge William Leathers of the Hamilton county probate court that she cannot be appointed an executrix of the estate of her father, the late Eugene Zimmerman. It is explained to her that in marrying the Duke of Manchester, a citizen of Great Britain, she, too, became a citizen of that kingdom, and therefore could not serve as executrix in this country. Zimmerman's will is to be probated today.

**BAR FOR WOMEN AT NEW CAFE DANSANT**

NEW YORK, Jan. 25.—Miss Broadway is to have a chance to put her feet up on the little brass rail just like the man and lean over the bar while the man with the white apron gives "one in the dark." New York's latest step toward complete sophistication will be under the management of Miss Bonnie Glass, a dancer, who has leased a grill room at Forty-first street and Broadway and will open a women's bar in connection.

**AN OLD RECIPE TO DARKEN HAIR**

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

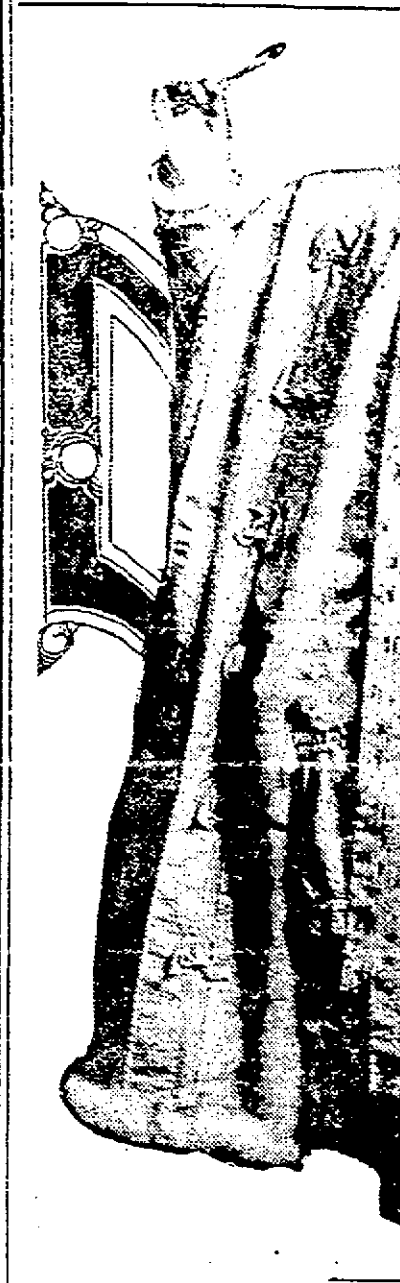

Almost every one knows that Sage Tea and Sulphur properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyn's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, and glossy and you look years younger.

**HEADS NAVAL BODY.**  
BUENOS AYRES, Jan. 25.—A government decree issued today named Rear Admiral Juan Martin as president of the Argentine naval commission in the United States in place of Vice Admiral Onofre Benader, who died in New York on Sunday. The naval commission in the United States for the purpose of supervising the construction of dreadnaughts for the Argentine navy.

## OAKLAND GIRL IN ART CHORUS SONG BIRDS, ENSEMBLE, CAROL

MISS MABEL RIEGELMAN, OAKLAND GIRL AND OPERA STAR, WHO SANG IN THE "SONG BIRDS' CHORUS" IN THE EAST.

Mabel Riegelman, Oakland girl, who has won operatic fame by her clever work in stellar roles with the Chicago Grand Opera Company, was one of the guests at a house party recently given in New York by Madame Johanna Gadski and her husband, Captain Hans Tauscher, according to information just received.

Gathered at the home of Madame Gadski and her husband was a coterie of the world's greatest artists. Professional life was forgotten during the evening, but the artistic love for music found expression in the singing of some notable selections. A number of choruses were sung by the assembled artists, the rendering of which would have been well worth any music lover's effort to hear. Besides Miss Riegelman, some of the artists whose voices added melody to the songs, were Madame Johanna Gadski, soprano; Madame Margaret Matzenauer, contralto; Madame Margaret Ober, contralto; Otto Goritz, baritone; Herman Well, baritone; Jacques Trus, tenor; Fontana, tenor; all of the Metropolitan Grand Opera Company of New York; and Madame Julia Culp, the concert singer. Alfred Hertz, conductor of the Metropolitan Grand Opera Company, played the accompaniment on the piano for the song birds.

**DAUGHTER OF LEE VISITS PRESIDENT**

WASHINGTON, Jan. 25.—President Wilson shook hands yesterday with Miss Mary Curtis Lee, daughter of General Robert E. Lee. Miss Lee said it was her first opportunity to make the acquaintance of a President.

"It is a double honor," said she, "to shake hands with a President who is also a Southerner."

**ILLITERATE WOMEN CALL SELVES MINISTERS**

SAN FRANCISCO, Jan. 25.—Three more certificates of ordination of illiterate women as ministers of the "Church of the Master" were filed yesterday in the recorder's office. The women—Mary Vido, Finle Tasho and Minnie Demintre—are apparently gypsies.

Each of them stated before a notary public that she could not write and she made a cross mark for her signature. The witness to each signature was Sam Demintre, who signed his name.

**MRS. SEWALL OPENS NEW PEACE HEADQUARTERS.**

SAN FRANCISCO, Jan. 25.—Mrs. May Wright Sewall, honorary president of the International Council of Women, and one of the best known pacifists of America, is in San Francisco in the interest of the great international peace conference, which will be held this summer, in connection with the Panama-Pacific International Exposition. Mrs. Sewall has opened headquarters at 1441 Hyde street. The conference will be held July 4, 5, 6 and 7 in the Exposition Civic Auditorium.

**MRS. HARDY LOSES HER HUSBAND BY DECREE.**

RENO, Nev., Jan. 25.—Dr. Joseph B. Hardy, physician-surgeon, was granted a decree of divorce yesterday on the grounds of cruelty from his wife, Mrs. S. L. Hardy. The couple were married in San Rafael June 1, 1912, where they lived before coming to Reno.

Lately Mrs. Hardy has been living with a sister at 621 L street, Sacramento. There are no children. The husband in his complaint charged his wife became so addicted to excessive indulgence in intoxicants with various companions unknown to him as to be quarrelsome and neglectful of her household duties.

**HOWARD'S WIDOW TO GET LARGE ESTATE.**  
REDWOOD CITY, Jan. 25.—The will of the late Edward W. Howard, the wealthy cattle man and polo player who died as a result of the California-Pacific building elevator accident, was read yesterday in Redwood City. The estate, which is valued at about

\$200,000, is left entirely to the widow, Mrs. Olivia Howard. Howard's five children—Oliver, William, Henry, Annie, Gertrude and Marian—are mentioned in the will, but with no bequests. Howard stating that his wife is entirely able to care for the estate and provide for the children.

Robert E. Easton of Santa Maria, Howard's partner in the cattle business, is named as executor. Leon Morris of San Mateo is the attorney.

**MAXINE ELLIOT IS REEFER BOAT PILOT.**

LONDON, Jan. 25.—Maxine Elliot, none the less beautiful after her arduous labor in Belgium, is outfitting a provision barge for the destitute inhabitants of Flanders. She left London at noon yesterday for Calais happy in the prospect of achieving a new work of charity.

"I am spending my whole income on this venture, in addition to the help I am receiving from my friends."

"My barge is now completed and stocked for the first trip, and we soon shall be chugging up the river, distributing food and clothing wherever it may be needed."

**RECIPE TO CLEAR A PIMPLY SKIN**

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear, clears the blood and is excellent for the kidneys as well.

## SEVERE ARTERIES IN STRANGE FALL

J. L. Morehouse in a Serious Condition as Result of Mishap.

SAN LEANDRO, Jan. 25.—John L. Morehouse, son of the late Captain Morehouse and member of a leading country family, is in a serious condition at his home on Washington avenue here as the result of injuries incurred in a fall down stairs at his home Friday.

Morehouse slipped and fell down a flight of stairs at his home Friday. He crashed into the glass front of a bookcase at the foot of the stairs and was severely cut about the head by splintered glass. Four arteries were severed and he lost much blood before the arrival of Dr. B. P. Mason. For a time Morehouse's condition gave his friends some alarm, but he has since improved.

## SAN LEANDRO TO BLOSSOM FORTH

Enthusiastic Gathering Arranges Beautifying Plan.

SAN LEANDRO, Jan. 25.—The entire community organized at a mass meeting in the city hall last night for the purpose of beautifying the city. Poppyes will be the predominant flower in the plan to improve the appearance of the streets. Besides the poppy borders which will extend the whole length of the avenues on both sides, blue lupines furnishing a pleasing color contrast will be planted in a second row.

The movement started last evening embraces not only flower and tree planting in its scheme of improvement, but the property owners and householders were urged to keep their yards tidy and their lawns trim all the year round.

Suggestions were made by representatives of every improvement and civic body in town and co-operation in the improvement work was pledged on every hand. The town board through Mayor I. J. Gill and other officials, promised its support and will furnish the means from its advertising funds for the purchase of a large quantity of seeds.

PRECINCT COMMITTEES. Each of the five precincts in San Leandro will have a committee to supervise the beautifying effort each section. These were partially appointed last night with Farley H. Granger of Broadmoor as general chairman.

Rarely has more enthusiasm and civic pride been shown by the residents in public affairs than that evidenced in the opening of the program last night.

The city hall was crowded by a representative delegation. Delegates were present from the town board, the Alta Mira club, the Broadmoor Mothers' club, the San Leandro Mothers' club, the association, the San Leandro Merchants' association, the San Leandro social club and several other church and social organizations. A strong array of bankers and business men promised financial backing toward the success of the movement.

Former justice of the peace D. U. Toffelmeier was chairman of the evening. Among the speakers were Mayor I. J. Gill, George J. Edgar, Mrs. J. B. Peppin, Mrs. F. B. Granger, J. A. Wagner, Dr. Charles Sedgley, Mr. S. H. Reichardt, Principal Guy Smith, Charles A. Jeffery, A. E. Carr, D. U. Toffelmeier and W. T. Frost.

ACTIVE WORKERS. The following ladies and gentlemen and partial committee from the different precincts appointed to take charge of the movement were:

President, Farley H. Granger; vice-president, D. U. Toffelmeier; secretary, W. J. Gannon. Precinct No. 1, J. I. Wagner, Mrs. J. Gill, Precinct No. 2, H. H. Reichardt, Precinct No. 3, H. C. Barton, I. B. Ury, Precinct No. 4, H. T. Frost, Guy Smith and Mrs. Corning.

It was decided that the work of beautifying which will be begun without delay. Meetings of the committees will be held to discuss the progress of the work. Every avenue in town unless where oil macadam or asphalt completely cover the sidewalks, will be planted with poppies and blue lupines.

Gray said he was about to cross the bridge on his way from Broadmoor when a powerful gust of wind blew him from the shadow of the west side of the bridge. The man appeared to be unarmed, evidently relying on his strength and agility to escape.

Gray, however, made good his escape and ran to the saloon which is near the scene of the attack. The would-be hold-up man made no attempt to follow. The authorities here are investigating the affair.

SCHOOL PRINCIPAL OF HAYWARD UNDER KNIFE. HAYWARD, Jan. 25.—Miss Catherine Hoffert, principal of the Independent school here, who was operated on for appendicitis at the Billingsley hospital Sunday, is the second of the Hoffert family to undergo this operation. Her sister, Miss Frances Hoffert, submitted to the knife some time ago.

The school teacher was taken and delivered at a ward Friday evening. Her condition became worse and she was removed to the hospital, where an immediate operation was deemed advisable. The operation was successful and Miss Hoffert's condition shows improvement.

WILL ATTEND CONVENTION. RICHMOND, Jan. 25.—Delegates from the Richmond club to the district convention of Federated clubs, which will be held in Berkeley, February 15-19 and 20, were named yesterday. They are Mrs. M. L. Ludwig, Mrs. F. R. McCullough, Mrs. H. S. Strout and Mrs. C. F. Donnelly.

Many of the club women are planning to attend at least one night of the convention, which will be open to the club women and their friends, and which will be held in the Twentieth Century club house, Berkeley.

The exhibit which is to be shown at the Swedish house, was made possible by the Swedish-American world's fair committee of San Francisco. Members of which communicated with the Swedish government and asked for the loan of some of its art collections.

## EXPOSITION SETS A NEW RECORD

Four Hundred Conventions Are Signed for the West in 1915.

Exposition convention records of the world are beaten by the Panama-Pacific International exposition with the signing of the 400th convention and the assurance has been given that at least another 100 will be signed before the close of the fair.

Since the beginning of the war, 122 conventions and congresses have been signed up, due to it is said partly to the necessity of seeing America and partly to the fact that the convention will be in session for a week or more and the majority of the members can be expected to remain after the convention.

College fraternities and other organizations and do not include unofficial organizations which will attend the fair. The first 400 conventions are classified as follows:

ALPHABETICAL ORDER. Agricultural ..... 24 Business ..... 24 Educational ..... 24 Fraternal ..... 24 Governmental and civic ..... 24 Labor and industrial ..... 24 Professional ..... 24 Religious ..... 24 Scientific ..... 24 Social and charitable ..... 24 Unaffiliated ..... 24

Total ..... 400 One of the most interesting exhibits at the Panama-Pacific International exposition will be that of the Swedish artists of the nationality. While the works of Swedish artists are represented in America is not well acquainted with their art and only twice before have Scandinavian collections been exhibited in the United States. In 1893 at the Chicago world's fair and last year by the American-Scandinavian society of New York.

COMMITTEE DOES IT. The exhibit which is to be shown at the Swedish house, was made possible by the Swedish-American world's fair committee of San Francisco. Members of which communicated with the Swedish government and asked for the loan of some of its art collections.

The United States government exhibit which is now being installed in the palace of machinery and which, in size of floor space, is the largest individual showing, is the largest historical point of view, as well as scientific, one of the most important of the entire exposition.

It shows many phases of military activities as well as development. Models of warships, cruisers, transports and other vessels, accurate to the highest details, take up considerable space.

IN HEADQUARTERS. President Charles C. Moore of the Panama-Pacific International exposition, Dr. E. J. Swift and their office staffs have moved to the exposition grounds. They are quartered now on the second floor of the California building. For a week President Moore has occupied temporary quarters in the Service building on the grounds, as well as his old offices in the Exposition building.

Robert W. Neal has been appointed superintendent of the exposition auditorium. He and his office staffs have moved to the exposition grounds. They are quartered now on the second floor of the California building. For a week President Moore has occupied temporary quarters in the Service building on the grounds, as well as his old offices in the Exposition building.

To fix a date for a "symposium of festivity" at the Panama-Pacific International exposition, the convention of the National association of the Pacific coast will be held at the municipal auditorium in San Francisco from March 25 to 27.

## GUARDSMEN PREPARE THEIR ANNUAL INSPECTION

HAYWARD, Jan. 25.—Members of Company H. National Guard, are preparing for their sixth annual inspection and dance, which will be held in the armory February 10. Lieutenant Wallace of the United States army will be inspecting officer.

The dance following the inspection is the biggest social event given by the company during the year. Last year the soldiers entertained more than 600 guests at the affair and anticipate as many on this occasion.

Arrangements for the arrangements are being made by Sergeant Robert Liebe, Corporal Wesley Armstrong and Private Charles Sorenson. Clarence Johnson and Chester Phillips.

DAUGHTER OF JUSTICE PROWSE TO BE WEDDED. HAYWARD, Jan. 25.—Miss Gertrude Prowse, daughter of Justice of the Peace and Mrs. Charles Prowse and a leader in social circles, announced her engagement to Francis Rogers, a young businessman of San Jose, Saturday.

About twenty of the bride-elect's friends invited to a shower given at the Prowse home on Main street in honor of Miss Mary Howe heard the announcement. No date has yet been set for the wedding. Miss Prowse is a graduate of the Hayward high school, is a talented musician and a prominent member of the Epworth League.

MAY RESIGN FROM  
R. R. COMMISSIONLoveland Expected to Quit,  
According to Persistent  
Rumors at Capital.

SACRAMENTO, Jan. 26.—Harvey D. Loveland will resign from the state railroad commission, according to unverified rumors that are persistent about the capital building.

The rumors began before Assemblyman Chamberlain of Los Angeles introduced his resolution demanding an investigation of the affairs of Commissioners Loveland and Thelen and the International Mercantile and Bond Company. The resolution was sent to a committee, where it will probably die, and the rumors gradually subsided.

There has been no official statement either to quiet or to animate these rumors. Some say that Governor Johnson has intimated to Colonel Loveland that he expects him to quit. Others say the commissioner wished to impute himself, as the smooth means of saving the administration from embarrassment.

Meantime, reports reach here that in San Francisco Attorney Henry Ach has prepared details for investigation of the assets of the International Company; that Commissioner Thelen and others have pointed out that they are not stockholders and not stockholders in the company, and finally, that the justice of the Supreme Court purpose to institute proceedings for contempt of court against Attorney William H. Metcalf, his utterance making the case of Assistant Attorney-General John M. Eshleman with the court and the International Company. Commissioner Loveland, it is said, declines to discuss his association with the Modern Homestead Association, a land venture in which he is said to be an officer and which in the last two days has been mentioned as having some indirect relation to the railroad commission through water rights and Hayward water corporation under the jurisdiction of the commission.

Five toboggans, each drawn by five native dogs, carry the supplies for the party, which must travel nearly 400 miles to reach Fort MacPherson.

COMACHA EXONERATED  
BY GIRL'S ADMISSION

Following an admission by 11-year-old Ethel Smith, of San Leandro, that her charges against the defendant were false, and made to protect several boy friends, J. Comacha, also of San Leandro, was released, on motion of the district attorney's office, from charges brought against him in the court of Justice of the Peace James G. Quinn.

Deputy District Attorney Myron Harris, in moving for the man's immediate acquittal, roundly scored the complaining witness, declaring that, in justice to a man heretofore held in high esteem in the community, he felt it his duty more severe to blame the child than he would otherwise, considering her age.

The girl made a sworn complaint against Comacha, on which Comacha was arrested at the instigation of Miss Teresa Rich of the probation office.

MISS BLISS HINTS AT REPRISAL  
CASE NOT YET CLOSED SHE SAYS  
THREATENS TO SUE ACCUSERSMISS WINIFRED FLORENCE BLISS, FREED OF CHARGES, WHO  
DECLARES SHE WILL PROSECUTE HER ACCUSERS.

"They may think this thing is ended, but it is not," declared Miss Winifred F. Bliss, after being released from custody, when Police Judge Mortimer Smith found her not guilty of petty larceny. I was thrown into jail as the result of a conspiracy. The arrest came Saturday night, when the banks were closed, and I could not get bail. I was put into the jail with vagrants and low characters, and could not obtain my release.

"I have been found guilty in this matter. But the people who caused my arrest need not think I am through just because I have been able to prove my innocence. I cannot say much, because my attorneys have cautioned me. I will not tell what we are going to do. But this is not the end. I may charge Mrs. Trede with false imprisonment and bring suit against her."

"That man Parker—he is at the bottom of all this. But I know him. I have known him a long time. He imposed upon me. But I found him out. He's the one that should be made to answer."

## SHE ANSWERS LAWYERS.

Miss Bliss had just come from the witness stand, where she had been put through a lengthy examination, first by her own attorneys and then by the prosecution. She answered all the questions freely, and no objections were raised by her attorneys to the prosecution going into all phases of the question with the defendant.

S. Webster Parker, the mining man charged with the conspiracy, was in the courtroom throughout the proceedings. He was not called to the stand to testify for either side, although it was admitted that he was a party to consultations which led to the arrest of Miss Bliss.

Miss Bliss explained on the witness stand the confusion as to her true name. She explained that when arrested she had given the name "Blitz," as she feared to see her name in the newspapers, and thought to protect herself by this means. She stated that her true name is Bliss.

## WARNINGS AWAIT HER.

Miss Bliss, who claims to have land holdings in Alberta, Canada, was arrested at the city hall ten days ago, when she came to complain that her trunks at the Peralta apartments had been rifled. She accused Mrs. M. E. Trede, also of the Peralta apartments, of having taken two sofa pillows, which had been recovered by the police. But Mrs. Trede had forestalled her, and while in the office of Chief of Police Petersen Miss Bliss was served with three warrants charging petty larceny and placed in the city prison. Three other warrants were later sworn to.

The charge on which Miss Bliss was arrested was based on the disappearance of a gold watch, which was later found to have been given by Miss Bliss to Miss Carrie Matheson, a maid, employed in various capacities by Webster Parker, who also lives at the Peralta.

In summing up the evidence, Judge Smith said:

"This chain belonged to Mrs. Trede. It had been in a place accessible to Miss Bliss, and she could have taken it. It came into her possession, and she later presented it to Miss Matheson. This would be almost sufficient to indicate guilt on her part."

NO DECEPTION.

"But Miss Bliss presented this chain as a gift to Miss Matheson, who lived in the same house as the actual owner of the chain. She did this without any attempt at concealment, and in the presence of another person who lived in the house. She did not conceal Miss Matheson's

conceal the chain or not to wear it. She might have worn it the next day in front of the owner, Mrs. Trede. All the actions of Miss Bliss were apparently open and above board.

"Her explanation is that she had trunks belonging to Dr. Ruth Newlands, which had been given her by Dr. Newlands. These trunks contained clothes, personal effects, and trinkets which had formerly belonged to Dr. Newlands. She states that she thought this chain, which is almost worthless, had belonged to Dr. Newlands, and she gave it away, as she did not desire it.

## PRESUMED INNOCENT.

"The evidence is not sufficient to show positive guilt on her part. The doubt in her favor is so strong as to amount to a showing that she is innocent. Defendant found not guilty, and the case dismissed."

The attorneys had gone into the evidence in the other five cases, and upon the rendering of judgment by the court, Prosecuting Attorney Ezra Decoto moved that these cases should be stricken from the calendar. The order was made by Judge Smith.

During the trial a number of society and clubwomen attended the hearings and offered to aid Miss Bliss.

Jitney Passenger Hit  
by Speeding Bus, Hurt

SAN FRANCISCO, Jan. 25.—Two jitney buses (figured in an accident at Powell and Market streets this morning, causing the serious injury of Russell Phillips, a 17-year-old messenger boy, of 152 Collingwood street. A third jitney took the lad to the Central Emergency Hospital, where he was treated for several fractured ribs and possible internal injury.

Phillips was hanging on the step of an inbound jitney, when a second bus going in the same direction sped alongside and the top in some manner caught hold of the boy's coat. He was dragged from his position and dangled for a moment in the air before being dropped heavily to the pavement and brushed along by the running gear of one of the cars. Hundreds of pedestrians on Market street witnessed the accident.

German Red Cross Is  
Grateful to U. S.

By Associated Press.  
WASHINGTON, Jan. 26.—Thanks to the United States from the German Red Cross was expressed in a statement given today by Count Bernstorff, the German ambassador.

"The central committee of the German Red Cross in Berlin begs to express its most heartfelt thanks to all donors for the extremely liberal gifts which the German Red Cross has received from all America, especially from the United States and from all the American citizens of German origin," he said. "The Central Committee will always remember that this high-minded and generous spirit has largely contributed toward enabling the German Red Cross to accomplish its enormous task of caring for the sick and wounded and relieving the suffering caused by the present war."

VOICE FROM  
GRAVE GIVES  
ORDERSStrange Will Left by Arizona  
Banker Filed for  
Probate.

LOS ANGELES, Jan. 26.—A voice spoke from the tomb today when the will of the late E. F. Kellner, Arizona banker, who died in Venice, December 16, was filed in the probate court. The document provides that in case he was murdered \$5000 should be taken from his estate to aid in the hunt for his slayers. It also states minutely how the coffin containing his body should be lowered into the grave.

The will proper directs that \$100,000 be placed in trust, from the profits of which the widow, Mrs. Mary W. Kellner, is to be given \$2000 per year. The remainder is to be divided equally among the four children, Mrs. W. K. Claypool, Globe, Ariz.; Ernest F. Kellner, Jr., Superior, Ariz.; Bonnet J. Kellner of Los Angeles, and Mrs. Frank Kellner Lewis of El Paso.

Referring to his burial, Kellner directed that a Globe copper coffin be secured and that he be dressed in a gray suit and comfortable slippers and covered with a quilt without decoration.

## STRANGE DOCUMENT.

The document reads as follows: "Each of my children is to have the lock bearing their names and carry at the handles also bearing their names and retain their key and give the duplicate to my wife or the Worshipful Master (Masonic officer)."

"Further, first spade the grass turf off said vault, likewise the earth, and lay aside the lawn. In reaching the top of the vault set up a spade with both ends ready under the house for that purpose and raise the slab by its handles.

"When lowering the copper coffin with body be careful not to break the urn in vault, containing earth from my father's grave in Texas and to which earth add a few handfuls of California earth.

## VOICE FROM GRAVE.

"The copper coffin to be placed in vault without any box and after so placed in vault top is to be restored, the edges and top of which must be resealed with hot asphaltum, and then the earth and turf properly replaced in its former way and in good order.

"Remember that when opening and closing the coffin do not move the lead casket to keep it air tight, and have the set screws well closed. The other coffin made for my wife is to be used as she may wish and direct. I hope and believe she will rest beside me, but should she prefer to rest beside her mother, then comply with her wish in all respects.

## RULES FOR HOME.

"I further direct and give the following rules for the management of Grey Tower home after mine and my wife's deaths:

"Our children have first rights and privileges in all respects, those according to seniority, then come our grand children, all other relatives must conform to what is agreeable to the majority of my children. My executrix, or her agent, will make a complete inventory of Grey Tower contents, a rub copy shall be in each room. Each occupant is responsible for damage and breakage and a prorata of all home expenses. Children under 15 years count for half and over that full rate.

"My personal jewelry, clothing, etc., remain with my children, one piece at a time by drawing straws, for first, second, third and fourth choice, or by mutual consent of all children and, in case my wife does not provide otherwise, the same with hers."

The petition accompanying the will states the property comprising the estate does not exceed \$15,000 in value.

Chair Made of Wood  
From Every State

By Associated Press.  
NEW YORK, Jan. 26.—A chair made from pieces of wood sent to him by the Governor of each State in the Union is to be shipped from here next week by L. S. Chace for exhibition at the Panama-Pacific Exposition. The exhibit, which will be known as the "Governor's chair," is of rustic design, each piece of wood being in its natural state and on each is a silver plate on which is inscribed the name of the Governor who gave it. Each State exhibit will have the use of the chair one day, after which it will be an exhibit in the New Jersey section.

PASTOR READY  
TO FACE  
WIFERev. Smith to Return to Oak-  
land From Southern  
California.

Maxwell Smith, who accuses her pastor husband of leading a dual life with Miss Giffen, will return to Oakland today from Los Angeles, where he served papers on the minister last night. He stated that Smith would probably come to Oakland in a few days for a consultation which has been called by the attorneys on Fresno, to accept service of the papers. Her friends declare that the pastor will not be allowed under any circumstances to see her.

Papers in the suit have also been served on Miss Giffen, who is visiting friends, and is declared to be prostrated by the shock of the legal proceedings. She was advised by her brother, Rev. Thomas Giffen of Fresno, to accept service of the papers. Her friends declare that the pastor will not be allowed under any circumstances to see her.

Smith left his ranch at Indio for Berkeley immediately on hearing of the suit. He was accompanied by Hahn, his attorney, who, it is declared, was a college classmate of Smith's and At-hearn's.

Edward Beal, a clerk in At-hearn's office, stated that the identity of Miss Giffen as the woman who was with Smith on a recent trip to New York is certain, and that the woman was photographed and identified in New York. Beal has been sent to Los Angeles on the case. A steamer arrived today from Los Angeles where the papers were served and the pastor is expected to follow.

Ship Purchase Bill  
Amendments Rejected

By Associated Press.  
WASHINGTON, Jan. 26.—Republican amendments to the administration shipping bill, to prohibit purchase of ships now belonging to the European belligerents, were rejected today by the Senate commerce committee by a strict party vote, and the bill, as revised by the Democratic caucus, reported again to the Senate.

One important amendment would allow government ships that are American built to engage in the coastwise trade. The bill originally proposed to restrict the government line to foreign trade.

Other amendments provide that the shipping corporation shall be organized under the laws of the District of Columbia; that the shipping board to control the enterprise shall consist of the secretaries of the treasury and commerce and three additional members, "two of whom shall be of men of practical experience in the management and operation of steamships in foreign trade," and that the capital stock of the proposed shipping corporation cannot be increased to more than \$20,000,000.

Extradition for Minor  
Offenses Attacked

By Associated Press.  
BATON ROUGE, La., Jan. 26.—Governor Ball today declared he would refuse to honor requisition papers for the extradition of women to other States unless the infringement of the law charged are of a major character.

"The police of large cities can better supply their time than in running over the country after women wanted on minor charges," he said.

Governor Hall's position was declared after his refusal today to grant the extradition of Miss Van V. Taylor, 19, to New York, to answer a charge of extortion preferred against her by a resident of New York City. Miss Taylor, who now is in New Orleans, recently appealed to Judge Ellis of the Louisiana Court of Appeals, and in writing the Governor in her behalf, he strongly protested against her extradition. Miss Taylor delivered Judge Ellis' letter to Governor Hall and supplemented it with a personal appeal.

# JITNEY ASS'N AND R. R. CLASH

Point in Proposed Ordinance  
Causes Tilt in City  
Council.

The representatives of the jitney association and of the San Francisco-Oakland Terminal Railroad clashed before the city council on the question of Section 22 of the proposed ordinance, which provides that the jitney as may leave their specified routes of emergency, to go to theaters, games, the municipal auditorium, way stations or other places where crowds gather. The section was introduced by Judge John W. Stetson at the request of the jitney men, to give them more freedom in handling the service. It is strongly opposed by the traction company representatives.

The commissioners listened to arguments on the matter for over an hour, and adjourned without settling anything but the amount of the license per annum. This will be \$25. Commissioner William J. Rauson voted against this city tax, declaring that he considered it would make it almost impossible for men to make a living, pay the \$140 necessary to obtain a \$10,000 liability bond, and also the \$50 a year fee. The ferry commissioners, however, in favor of the 500 license, and in the emergency section, which provides under certain conditions the jitney leave their route as specified, proved the main cause of the controversy.

"If you put that clause in as Judge Stetson has drawn it, the ordinance will be one more waste paper," declared Judge William Smith, appearing for the San Francisco-Oakland Terminal Railroad. "It was drawn for that purpose."

"This clause is the most important in the ordinance," returned Judge Stetson. "It is the thing that will make the service flexible, and will give the people what they want. It is the clause that will make just the difference between the street car service and the jitney service. Of course the traction people want the clause cut out."

"If this service of the jitney buses is actually going to be an advance over the present service, it must be made dependable," said President G. W. Wicks of the San Francisco-Oakland Terminal Railroad. "We are considering this ordinance because we have a right to be heard."

"The traction company is performing a dependable service for the people. It is a public function. If these jitneys are to be given the use of the streets they must also be made dependable in performing a public function. This emergency clause is framed for the purpose of relieving them from the necessity of being dependable, and of leaving them as irresponsible as they now are."

"If this is in fact a better service than the traction companies can give them it will prevail. But it is the duty of the council to see that it gives a good dependable service. I fear the bad condition that would result from leaving these automobiles without regulation," said W. R. Alberger, vice-president and general manager for the corporation. "This jitney service has not enough cars to give emergency service, and to take the autos from their regular route to a place where there is a crowd, would leave the routes abandoned without adequate service."

"When the car company has to meet this emergency, cars are taken from the lines, and not from some other route. This jitney association has not the cars, has not the men, has not the organization, has not the discipline to give a dependable service."

"We dislike to receive our law at the hands of the traction company," said Judge Stetson. "We want it at the hands of the people."

"We are representing the people," said Commissioner Turner. "But we must represent all the people. This is a big issue, and we need all the light on it we can get."

"Judge Rauson again took up the matter of the kind of bond. He wanted a personal bond would not be satisfactory, and the matter, after some discussion, was referred to the attorney general."

**DROPS DEAD ON EXCHANGE.** SAN FRANCISCO, Jan. 26.—George Leon, a pioneer shipping man and employee of the Alaska Packers' Association, dropped dead this morning on the floor of the Merchants' Exchange. McLaren, who was killed by an electric trolley car in Alameda on October 17. McLaren was a baker, and is survived by the widow and three minor children.

# CHURCHES PLAN PEACE CENTENNIAL

Oakland Federation Decides  
Upon Observance of 100th  
Anniversary.

Local churches will observe the 100th anniversary of the peace pact between the United States and England, Sunday morning, February 21, with a series of religious services. The observance was decided upon at the quarterly meeting of the Oakland church federation, held last evening in the Young Men's Christian Association, where Rev. R. H. Root, pastor of the First Methodist Episcopal church of this city, presided over the session.

Root inspired the ministers to advocate peace in their churches and also to cooperate with the Peace society. They pledged their support to the organization. Rev. F. H. Maar, emeritus pastor of the Fourth Congregational church of this city, addressed a communication to the federation, in which he urged them to join the Great Army in celebrating the 50th anniversary of the meeting of General Grant and General Lee in front of Appomattox court house, April 9, 1865.

"Let us have peace," Root said. "The federation made a motion to the effect that the churches should take the initiative in the celebration and that the churches would co-operate with them."

C. R. Fisher, state Sunday school secretary, suggested that a home visitation campaign for a church census be made under the auspices of the interdenominational Sunday-school association. The proposition was referred to the executive committee of the federation.

About 25 clergymen took part in the various discussions. Within the next few days a report will be submitted by the executive committee of that body regarding the home visitation suggestion.

# ESTATE LITIGATION IN JURY'S HANDS

Legal Battle Over Assignment  
of Property Soon to Be  
Decided.

After a twenty days' legal battle before Superior Judge Brown, a jury is today deliberating upon a verdict in the suit brought by August H. Lauenstein against his sister, Mrs. Carrie Riley, of Dr. R. R. Riley, late of Alameda, to have set aside an assignment to her of the one-seventh interest of her brother, Albert E. Lauenstein, in the estate of her mother, the late Caroline Lauenstein. The interest is valued at \$7000 and is alleged by the plaintiff that Mrs. Riley used undue influence to persuade her brother to make the assignment.

The plaintiff is represented by Attorney Walter Linforth. The costs of the trial are said to amount to at least one-third of the property rights that are contested. During the last illness of Albert Lauenstein, he was cared for by Mrs. Riley. He assigned his interest in her mother's estate to her on April 10, 1912, at a time he is alleged to have been mentally incompetent. Mrs. Riley testified that the assignment was made as security for moneys advanced by her to the plaintiff, and that she received \$500.

The present case further involves property interests in the estate of the mother of the litigants. The estate is a large one and was founded by Albert E. Lauenstein Sr., one of the original proprietors of the Old Poodle Dog restaurant in San Francisco.

# Splinter From Shell Kills Duke de Lorge

By Associated Press. PARIS, Jan. 26. — The Duke de Lorge, the head of the Durtorch-Clermont family, according to announcement today, was killed in battle January 23. He was struck in the head by the splinter of a shell which inflicted a fatal wound.

The duke, 25 years old, was serving as a sub-lieutenant in the 10th regiment of dragons. The Duke de Lorge succeeded to the title and the estates two years ago when his father was killed in London by a fall down an elevator shaft.

# TRIBUNE FORCE HEARS EXPERT

Efficiency Club at First Meeting  
Considers Co-operation  
in Business.

Gathered to take up their first lesson in the courses designated by the club of officers, the newly formed TRIBUNE Efficiency Club, devoted to the study of personal efficiency and modern business methods, met last night at the Saddle Rock Cafe when Robert H. Graham, noted advertising expert, opened the course of lectures planned for the coming season. The meeting, the first since the organization of the club, was attended by the women members of THE TRIBUNE force as well as the men of the different departments.

After was introduced by J. A. Hamilton, who had been appointed by President M. Dargie as chairman of the evening, and chose as his topic the broad subject of general personal efficiency and co-operation in his business establishments. President Dargie, in opening the meeting, welcomed the women of THE TRIBUNE force to the club and read a letter of appreciation from the feminine members, recently elected to membership. Twenty-five of the seventy-three guests were women.

Ayers outlined the essentials of a big business establishment as a ground work for his remarks, and then outlined the advantages of co-operation in all work. He showed how strict adherence to departmental lines may sometimes be able to prove a drawback to successful operation of a firm as a whole, urging every worker to assist his fellow workers in the most efficient manner possible.

"It does not harm to help your fellow worker a little, and know a little about his duties as well as your own," Mr. Ayers said. "If you shoulder with one common end, you may carve success, and in helping your fellow worker you will find that in the end you are really helping yourself and your firm to a higher place and bigger success."

An informal musical program was presented between the addresses by the Saddle Rock musicians, and a discussion followed the remarks of the speaker. Several other noted efficiency experts will be heard on kindred topics in the coming meetings, it being planned to take up the work, one branch after another.

# Tillman Urges Four New U. S. Warships

By Associated Press. WASHINGTON, Jan. 26.—A four-battleship program for the next Congress was proposed today by Senator Tillman, of South Carolina. Naval committees as an amendment to the current naval bill now awaiting passage.

The amendment would direct the Secretary of the Navy to submit plans and specifications for four battleships "of the type, power and speed which in his judgment, based on the knowledge gained from the prevailing war in Europe, are best suited for war on the sea."

Chairman Tillman told several of his colleagues he was opposed to the building of any large battleships this year. It would be his purpose to urge, he said, only the building of small craft and auxiliaries.

# HOW GOOD THAT MUSTEROLE FEELS

# ARREST OAKLAND MAN LONG MISSING

Riding Teacher Fatally in Custody  
for Theft of Fine  
Horses.

Charles W. Taylor, who has been a valuable horse exhibitor at big shows throughout the country, winning medals, ribbons and trophies, before being arrested, a fatality declared to be the former Oakland riding instructor, whose disappearance from this city some eight years ago attracted considerable attention, and who for a time was believed the victim of foul play, has been arrested in New York, according to word received by the local authorities today. He had eloped from Oakland, according to William Taylor, a riding academy manager of New York, who is investigating the man's career, with an actress known on the stage as Lillian Harrington, but when discovered by the police in the East, was with a girl who declared that she was before her marriage to him, Miss Rita Ryan of Manitoba, daughter of James Ryan, general purchasing agent of the Canadian Pacific Railway. It was said to be the actress in charge in Winnipeg.

Following his arrest he was identified by Taylor, a New York riding instructor, as the missing Oakland man, and Taylor at the request of the New York authorities, has written here for information regarding the man's Oakland career.

# ACCUSED OF THEFT.

The man charged with having stolen four of the most famous horses in the United States from Robert H. Graham, 169 West Eighth street, New York, was arrested in Minneapolis and was brought to New York after a spirited legal fight against extradition, which was finally ended when Governor Eberhart of Minnesota signed the order for his deportation. He is declared to have used the name of "Barrington" in exhibiting his horses.

The man was apprehended after being trailed through several states by Detective Charles McGowan of the New York force, who declares that the suspect won no less than 27 prizes with the pedigreed stock. The horses which are alleged to have been stolen are Twilight Queen, Finelight, Dandy and Lassie, all familiar at the old Eastern show shows.

According to the complaint of the alleged owner, Taylor walked the horses out of his stable and disappeared with them. McGowan, placed on the case, learned that the horses had been shown in Canada and hurried there, only to lose the trail, which he finally picked up in Minneapolis.

In fashionable apartments in Minneapolis the detective met the young wife, who told of her marriage of a short time before in Canada, and her husband's posing as a wealthy man. She was later taken to Canada by her brother. According to Graham, Taylor had access to his stables as an employee, having been hired to care for the horses.

At the time the man disappeared from Oakland a long search was made for him, other riding teachers believing him a victim of foul play. He was popular among the Oakland smart set and many society women were among his pupils.

# Arizona Prohibition Law Again Is Upheld

By Associated Press. TUCSON, Ariz., Jan. 26.—Judge Cooper held in the superior court today that the prohibition amendment to the Arizona constitution adopted by the people last November, is self-executing. This point the special federal tribunal, which recently decided that the prohibition amendment itself was constitutional, refused to consider. The superior court's ruling sustains a demurrer to a petition for a writ of mandamus to require the city assessor of Tucson to issue a saloon license to a local liquor dealer. The liquor dealer's suit will appeal to the state supreme court.

# Sues to Forfeit Singer's Feathers

By Associated Press. SEATTLE, Jan. 26.—Suith has been begun in the United States court by the district attorney to forfeit 250 cases of feathers, quills and other portions of wild birds removed from the clothing or baggage of travelers under the federal statute.

Schumann-Henk, the singer, was one of the first victims of the law, a bunch of plumes being taken from her hat. A Hindu dancer parted with a wreath of red feathers. Actresses crossing the border from Canada were heavy sufferers.

# German Bids on Wool Are Refused

By Associated Press. SYDNEY, Australia, via London, Jan. 26. 9.30 a. m.—At the wool sales today the auctioneer refused a German buyer's bid for a certain lot of the material.

A dispute followed and when the lot was re-submitted for sale it was knocked down to a French firm at the price the German had offered. Other supposed German bids made later were also refused. The German representatives finally left the sale rooms, having been unable to buy a single bale.

# First Jitney Bus Dispatcher on Job

SAN FRANCISCO, Jan. 26.—San Francisco has another record maker. Ed D. V. Tanner, official starter, dispatcher, announcer, speller, Barker—call him what you will—for the Jitney Bus Association, Tanner went on the job yesterday and in his first day's work established a record. The new dispatcher, who claims to be the first of his profession, operates at the Ferry building, where the hundreds of jitney buses in the downtown district make their loop.

In his first day's work—yesterday—Tanner started nearly 1000 of the speedy nickel wagons on their way.

# SLAVS LOSE REGIMENT.

LONDON, Jan. 26.—The Bucharest correspondent of the Daily Mail says the Russians, after destroying the electric railway station at Bucharest, Bukovina, which was built by the Austrians, have occupied the whole of the Jacobin district, but only after a hard battle, in which the Russians lost an entire regiment in killed or wounded. They were obliged temporarily to retire to Czokanesschite under a constant Austrian bombardment, which prevented any advance until reinforcements were received.

### Submarines Halt Steamship Traffic

By Associated Press. COPENHAGEN, via London, Jan. 26. 11:45 a. m.—Steamship traffic between Sweden, Sweden, and Samsniz, Germany, has come to an end. A German passenger steamer recently put out from Trelleborg, but on sighting several submarines off Cape Arcona, she hastily returned to port. The sailing of the Swedish steamer was therefore canceled. The passage between Trelleborg and Samsniz is the present route between Sweden and Germany.

### COUSIN OF JURIST DIES IN OAKLAND

Mrs. Elizabeth Clemence, widow of Charles A. Clemence, a contractor of San Jose and cousin of Judge J. E. Richards of the Appellate Court of Appeals, died yesterday at her home, 55 Fifty-fifth street. She had been an invalid for a number of years.

She was a native of Ireland, but settled in California in the early days. The greater part of her life was passed in San Jose. About seven years ago, the family located here. Mrs. Clemence was the mother of nine children, eight of whom live in Oakland and one in San Francisco. They are James C., Otto R., Miss Alma Clemence, Margaret Clemence, Ruth Clemence, Evelyn Clemence, Helen C. Clemence, Paul K. Clemence and Mrs. H. J. Cross of San Francisco.

The funeral will be held tomorrow afternoon from the family residence and the body will be buried in Mountain View cemetery.

### INTENDED TO OPPOSE RUSSIANS.

By Associated Press. LONDON, Jan. 26.—A Times Petrograd dispatch says: "News reaches us of British success in the movement of the Persian Gulf on Bagdad. It is believed in Petrograd that the German troops which have been moving through Hungary are intended to oppose the Russian advance in the Southern Carpathians and that the announcement that they were to move against Serbia was incorrect. It is not believed possible that the Germans could prepare an army strong enough to act against Serbia until spring."

### Miss Jessie Cope Is Charged With Bribery

CHICAGO, Jan. 26.—Attempt to bribe government officials was charged against Miss Jessie Cope of Los Angeles in an indictment returned here today. She has been in custody on the charge for several weeks and her trial already had been set for January 28 in the United States district court.

The indictment formally accuses her of offering to bribe \$25,000 a year officials in Chicago if they would aid her in obtaining that amount from "Chas. Alexander, a wealthy resident of Providence, R. I., who is under indictment on charges preferred by Miss Cope of violating the Mann act."

### TURN DEFENSIVE OBSTINATE.

By Associated Press. PETROGRAD, Jan. 26.—The general staff of the army in the Caucasus has issued the following communication:

"Our offensive in the region of Trans-Chorik continues despite an obstinate defensive on the part of the Turks. In the region of Olti some isolated fighting occurred with Turkish detachments. Along other sections of the front the usual cannonading continues."

## ST. MARY'S COLLEGE REPUDIATES TALK OF STATE LEAGUE

Local Collegians Will Have  
Nothing to Do With Pro-  
fessional Ball.

"St. Mary's College will naturally not be a party of any professional baseball league. The thing is clear on its face, and I can not understand how we could have been drawn into such a position. All we agreed to do was to play a couple of games with some outside teams, but we will certainly not constitute any part of a state league."

With these words uttered today, Brother Vanastan of St. Mary's College repudiated the talk that St. Mary's College would constitute one of the teams in the state league that was formed at Richmond Saturday. Lou Schroeder of Alameda, president of two local organizations, is the one credited with having announced St. Mary's College as one of the participants in the league. He also got it wrong when it was announced that Charley Doyle would enter a team from Sacramento. The Capital City, it appears, is again the victim of a project. Someone appears to have spilled the beans.

## FEDS WILL ORGANIZE NEW ENGLAND LEAGUE

HARTFORD, Conn., Jan. 25. — Hugh A. McKinnon, an agent of the Federal Baseball League, announced here last night that a meeting will be held in New England next Saturday to discuss plans to organize an eight-team Federal league in New England. He would not state definitely whether the league represented by him, President Gilmore and other officials of the Federal League would be present at the meeting.

McKinnon was quoted as saying that the new league would include New Haven, Hartford, Bridgeport and Springfield. He also said that the league would include four cities in the New England field.

While Ritchie has announced the appointment of Dr. E. F. Jeffrey, an osteopath and an old friend, to assist him in the management of his business and training.

Southern newspapers advertise the fact that Roy Moore and Battling Chico will meet tonight at Jack Doyle's place at Vernon in the feature bout of a four-round card.

Which is highly interesting in view of the new state law, which was supposed to limit boxing to amateurs who had never received pay for their services.

Of course Roy Moore is an amateur, and so is Battling Chico, and of course all they will get for boxing tonight will be a silver medal. O, sure!

The athletic program in connection with the Panama-Pacific Exposition already mapped out with include over 60 events, and will take 100 days to complete. The athletic directors have yet to arrange final dates for the Army and Navy events, roque, archery, swimming on the green, handball, hockey and the American style of football game. In all it is expected the athletic events will extend over a period of 100 days during the 1915 season and attract the best athletes in the world.

Speaking of the wily redman causes us to think of the Carlisle football eleven. Last season they dropped seven out of 11 games, and as a consequence are having no trouble at all in scheduling games this season.

The two Jimmys—Jeffries and Flynn—are to coach Jess Willard for his bout with Johnson. It would, indeed, be a blow to the white race should the big contender catch them in the act and whip all three.

Perhaps it would add to the dignity of the game to speak of 300 hitters as prominent clubmen.

Which serves to call attention to the bills introduced into the Oregon Legislature by Senator Perkins and Representative Lewis. The former calls for 10 rounds and the latter for six. While either one would be welcomed by the supporters of the state, the fans feel

## AMATEUR BASEBALL

The University of California baseball club will start its season in the first game on the campus diamond in the first game of its 1915 season. Opposing the blue and gold nine will be Zamlock's all-star team, composed chiefly of former league players. The game is scheduled to start at 2:30 o'clock.

Arrangements have been completed by the Inter-collegiate league towards securing grounds for playing off the games of the league this coming season, which commences on Sunday, February 7, when the Lafayette club of this city meets the Kaloi Kalia club of the Oakland State League grounds.

The Oakland State League will play on the diamonds at the Southside, North Beach and Jackson park grounds. The Oakland club will be divided at Bushrod and Bay View parks, and the Peninsula club of San Mateo will play its home games in the San Mateo club diamond.

Managers for the different teams have been selected, being Edith E. Egan, Gray, J. C. Medeiros, Kallier, Foreman, L'Allegre club; Anderson, Peninsula club; Johnson, Semetle club, and Egan, Emile's club.

Baseball would not be a very popular practice on the Bay View grounds, and the way the boys go to the game is sure to be a scene. Drunken working men are to be in the stands, and a crowd of a nice record last year, winning ten out of eleven games, one game against a nine. The manager of the team, who is a former player, will fall on the shoulders of Sherry White, as Sherry is now on his way to take a job in the Oregon State League. The manager of the team, who is a former player, will fall on the shoulders of Sherry White, as Sherry is now on his way to take a job in the Oregon State League.

Hard work for Umps. The American Association of Baseball clubs probably will return to the umpire system this year, President Livingston announced yesterday.

## BOWLING

The Semetle Bowling team was two out of three games in the "Lafayette" club of this city, and the team is sure to be a crowd of a nice record last year, winning ten out of eleven games, one game against a nine. The manager of the team, who is a former player, will fall on the shoulders of Sherry White, as Sherry is now on his way to take a job in the Oregon State League.

## DIAMOND RASHES

It looks as though the coming baseball season will be a poor one for the players who are to try out in the spring training camps. It is a certainty that no club in the league will have more than seven players to try out in the spring training camps. It is a certainty that no club in the league will have more than seven players to try out in the spring training camps.

Harry Wolverton's belief in giving the "bushers" a chance to display their claws was exemplified when he started up two local semi-pro twirlers, Artie Beauchamp and Charley Doyle, in the game at Richmond Saturday. The game was a success, and the players were well received.

Portland reports having secured the signed contracts of Pitcher (Cushman) of Chelsea and Catcher (Morgan) of San Francisco. Both youngsters were with the Portland Colts last year.

A hitch has developed in the plan to send Pitcher T. Smith to New Orleans and the ex-White Sox flinger may be seen in the city when the season opens. Smith's recall is said to be due to McCreedy's fear that Harry Krause intends to hurdle to the Feds. Mack cut his southpaw's salary.

Pitcher Ill West has signed his Venice contract.

The Cleveland club is to be known as the Indians instead of the Naps, as for the most part the players were rebelling the Naps in honor of Napoleon LaJolla.

St. Hatch, who was with the Sacramento and Los Angeles clubs a few years ago, will be with Omaha in the Western League.

Hatch was last season with Grand Island in the Nebraska league, and in the past he has been a manager in landing the flag for the G. I. bunch.

Bill Ritchie has announced the appointment of Dr. E. F. Jeffrey, an osteopath and an old friend, to assist him in the management of his business and training.

## They're a Fine Lot of "Promoters"

Private advices from New Orleans to THE TRIBUNE corroborate the report that T. J. McGarry and Donahue Torrence have dissolved the partnership they formed a month ago as night promoters, and that they and Torrence will engage in cut-throat competition with three arenas. New Orleans sportsmen see in this action the ruin of the game in that city and its speedy prohibition, leaving boxers no place in the country to settle long-distance disputes.

ALAMEDA, Jan. 26.—Miss Alice Baker, daughter of Mr. and Mrs. A. E. Baker, who is visiting her brother, Carleton E. Baker, United States consul at Chungking, China, has written much of interest of life in the foreign land. Recent letters have been received from Miss Baker telling of the trip from Chungking to Shanghai, and of the trip to Tibet, which occupied ten days. On the trip to Tibet, Miss Baker was to spend several weeks at Chungking and return by water to Shanghai. She is making a variety in the country travel, through the mountains, in the form of transit. The following are excerpts from the letters:

"I have indeed a far cry from traveling in the land of civilization, in a motor car, wherever you please, to this

We are always in the middle of the second day but since the weather has been much the same, with the rolling country under cultivation with various vegetables, sugar cane, etc., on the one hand, and inundated terraces and rice fields on the other, the sameness of the natives and their methods of methods of living and doing, take one back to the 'year one.'

dean, comfortable house after the Chinese Inn, of the previous night. I am glad that the ladies of the W. F. M. S. there are very friendly & warmly lovely to me and seem to want me to stay as long as possible. I am obliged to stay no longer than I first planned. The dentist here has a four-days' vacation, owing to a district meeting, and the two dentists here are busy every minute. "Changtu is a very nice city, much cleaner than Chungking, and with some of the best shops. It is so comfortable, Chumping is hilly or bad, and the river and so beautifully situated, I much prefer it for a place to live, though I am glad to have taken the trip. For future reference, the road to Chungtu was by the river and the river and I expect to enjoy it very much. The

mountains of Tibet. The wall is very wide, wide enough to accommodate four or five automobiles abreast. It doesn't seem too high, but it is. Outside the wall is the most arid what was the most in the desert. There are no trees. The wall is made of stone from the big wall and separating the Chinese city from the Tarto or Manchu city. I am going over to the latter some day."

Miss Baker's marriage to Stuart S. Richardson took place some time during the next few weeks at the consulate in Chungking, before the departure of her brother to his station at Nagasaki, to which he has been recently appointed.

you can be sure that the hair roots are too weak to draw from the food the necessary oils that promote healthy hair growth. Consequently, the hairs gradually die and drop off and finally your head will be one bare, bald surface. As at last found a potent remedy as Laroche de Compiègne which is instantly absorbed by even the weakest hair roots and so perfectly replaces the natural oils that it often makes the hair grow long and luxuriant in only 30 days time. In its pure state Laroche de Compiègne is

and burpiness, a teaspoonful of bicarbonate of magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. The use of wine and acidity are dangerous and unnecessary. Stop or prevent them by the use of a prophylactic, such as bicarbonate of magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acidity.
